Neither we, our Directors, Book Running Lead Manager, Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, the BRLM and our Company will ensure that investors in India are informed of material developments until the grant of listing and trading permission by the Stock Exchange.

SECTION II – OFFER DOCUMENT SUMMARY

SUMMARY OF OFFER DOCUMENT

OVERVIEW OF COPPER INDUSTRY

Copper is the second largest non-ferrous metal in India in terms of production. The country has come a long way since being a net importer of refined copper, with exports of refined copper markedly increasing over the years. However, India continues to import significant volumes of copper ores and concentrates from Chile, Australia and Indonesia. The demand for copper in India will remain strong, driven by rapidly increasing electricity generation and consumption.

One of the oldest metals, copper is an important non-ferrous base metal used in industry-wide applications. Compared to global markets, India has limited copper ore reserves, constituting to just about 2% of the world reserves. India ranks seventh in global refined copper production and fifth in copper smelter production globally. In addition, the country is a net exporter of refined copper.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of this Issue including the merits and risks involved. Any potential investor in, and subscriber of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment in which some material respects may be different from that which prevails in other countries. The risks and uncertainties described in this Section are not the only risks and uncertainties we currently face. Additional risks and uncertainties not known to us or that we currently deem immaterial may also have an adverse effect on our business. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. Unless otherwise stated, the financial information of our Company used in this Section is derived from our restated financial statements prepared in accordance with Indian GAAP, the Companies Act and which have been restated in accordance with the SEBI ICDR 2018 Regulations. To obtain a better understanding, you should read this Section in conjunction with the chapters titled “Our Business” beginning on page 103, “Our Industry” beginning on page 88 and “Management’s Discussion and Analysis of Financial Position and Results of Operations” beginning on page 162 respectively, of this Draft Red Herring Prospectus as well as other financial information contained herein.

Materiality:

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- Some events may not be material individually but may be found material collectively;
- Some events may have material impact qualitatively instead of quantitatively; and
- Some events may not be material at present but may have material impact in future.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this chapter, refer to the chapter titled “Definitions and Abbreviation” beginning on page 3 of this Draft Red Herring Prospectus. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

In this Draft Red Herring Prospectus, any discrepancies in any between total and the sums of the amount listed are due to rounding off.

The risk factors are classified as under for the sake of better clarity and increased understanding:

INTERNAL RISK FACTORS

BUSINESS RELATED RISKS

1. Our Company is involved in certain litigations viz direct tax and indirect tax related proceedings which are currently pending at respective authorities. Any adverse decision in the proceedings may render us liable to various penalties and may adversely affect our business and results of operations.

A classification of legal proceedings is mentioned below:

Also, there is no assurance that in future, we, our promoters, our directors or group company may not face legal proceedings and any adverse decision in such legal proceedings may impact our business. For further details in relation to legal proceedings involving our Company, Promoters, Directors and Group Company, kindly refer the chapter titled “*Outstanding Litigation and Material Developments*” on page 185 of this Draft Red Herring Prospectus.

2. Copper wires can be substituted by aluminium wires due to the lower cost and weight of metal which may pose a threat to the core business of our Company impacting the overall profitability.

We are engaged into manufacturing of copper wire, copper rods, copper bus bars, flats, profiles, sections, strips, anodes & rods, enamelled copper wires and submersible winding wires. Copper is being used in electric wiring since years due to good electricity conductivity. Copper possesses various qualities such as high tensile strength, high ductility, excellent creep and corrosion resistance, high thermal conductivity, solder ability and ease in installation. Thus, the Copper swires are widely used in auto electricals, transformers, compressors and various types of other electrical equipment.

However, there is an increasing trend of using aluminium wires in place of copper wires in both household and industry applications. Aluminium is a common alternative to copper especially in long distance lines where the lower cost and weight of aluminium offer a significant advantage over copper. Moreover, larger aluminium wiring require less support compared to copper wiring which makes it a good choice for industrial purposes. Thus with the development of technology and consecutive improvements in the production of aluminium, it has emerged as a cheap substitute to copper, creating a possible threat to the business undertaken by our company.

3. Our cost of production is exposed to fluctuations in the prices of raw material prices particularly Copper cathode and Copper scrap and we have not entered into any agreement in respect of long term supply for raw materials required by us .

The raw material consumption contribution is 90.47%, 93.41%, 92.90% and 105.34% of revenue from manufacturing activities for the period ended June 30, 2019 and financial year ended March 31, 2019, 2018 and 2017 respectively. The industry in which we operate is exposed to fluctuations in the prices of Copper cathode and Copper scrap and we may be unable to control factors affecting the price directly or indirectly at which we procure our raw material, particularly as we typically do not enter into any long term supply agreements with our suppliers and our major requirement is met in the spot market. We may at times also face the risks associated with compensating for or passing on such increase in our cost of production on account of such fluctuations in prices to our customers. Particularly, we face the risk of our products becoming unaffordable for a particular segment of demography, if we pass on the increase in the cost of production to our customers through a corresponding increase in the price of our products in order to maintain our historical margins. Upward fluctuations in the prices of raw material may thereby affect our margins directly or indirectly and thereby have a direct bearing on our profitability, resulting in a material adverse effect on our business, financial condition and results of operations.

4. Our Company had filed statement of variation in projected utilization of IPO proceeds as mentioned in Prospectus and actual utilization of funds.

Our Company has raised 448.42 lakhs from public in the Initial Public offering in FY 2016-17 for the purpose of Working Capital, General Corporate Purpose and Issue Expenses. However, pursuant to regulation 32 (1) (a) & (b) of SEBI (listing Obligation and Disclosure Requirements) Regulations, 2015, our Company has intimated stock exchange regarding variation in utilization of IPO Proceeds. Brief of the same is as mentioned below –

(Amount in Rs. Lakhs)

S. N.	Particulars	As stated in Prospectus	Actual Utilization	Variation
1	Working Capital Requirements	357.42	406.44	(49.02)
2	General Corporate Purposes	46.00	0.44	45.54
3	Issue Related Expenses	45.00	41.54	3.46
	Total	448.42		

The Company has utilized the funds in ordinary business activities only and intimated stock exchange regarding the variation. However, we cannot assure you that FPO proceeds will be utilized as mentioned in the chapter titled “Object of the Issue”. There may be variation in the utilization which can be assessed negatively by investors.

5. We are not in compliance with export obligations under Advance Authorisation Scheme for which authorities have initiated proceedings on our Company.

Our company has been granted authorisation under Advance authorisation and Zero Duty EPCG scheme by Ministry of Commerce and Industry. Currently, we have 4 licences under these schemes i.e. 2410041656, 2410041657, 2430003421 and 2430005012. These Schemes allow imports at concessional / free customs duty and requires the importer to export a specified quantity of goods within a period as stipulated in the license. Currently, our Company is not in compliance with terms and conditions of Advance Authorisation Licenses number 2410041656 and 2410041657 and Office of Principal Commissioner of customs, Custom House, Mundra (Kutch) has initiated proceedings on our Company. As on date of this DRHP, the same is pending. For more details of the case, kindly refer chapter titled “Outstanding Litigations and Material Development” beginning on page 185 of this Draft Red Herring Prospectus.

Since the outcome of the case is yet to be decided, we cannot assure you that in future there will be no levy of duty and/or penalty on our Company due to non - compliance of terms of Advance authorisation licenses. We may not be allowed to import on concessional custom duty / free duty, thus may affect our cost of raw material, ultimately resulting into increased cost of production. This may affect our future financial profitability.

6. Retention time for approval of our final products by customers is long.

We are engaged into manufacturing of Copper products which are used in power generation, transmission, distribution, electronic and other industries catering the needs of both domestic and industrial applications. On every stage of manufacturing, products are subject to quality inspection to measure their conductivity, purity, windability and other qualities depending on the nature of product. Before placing the order, our customers retain the sample products for at least 4-6 months to check the required quality. Thus, retention time of our final products is long which makes us unable to fully utilize our installed capacity.

However, our Company is continuously trying to shorten the retention period to increase utilization of our capacities, we cannot assure you that the same can be successfully implemented thus may keep our fixed cost intact and affecting overall profitability.

7. Our top 10 and top 5 customers contribute majority of our revenues from operations for the period ended June 30, 2019 and for the year ended March 31, 2019. Any loss of business from one or more of them may adversely affect our revenues and profitability.

Our top 10 and top 5 customers contributed 77.28% and 64.79 % respectively for the period ended June 30, 2019 and 67.25% and 51.21 % respectively for the year ended March 31, 2019 of our revenues from operations based on restated financial statements. However, our top customers may vary from period to period depending on the demand and thus the composition and revenue generated from these clients might change as we continue to add new customers in normal course of business. Since our business is concentrated among relatively few significant customers, we could experience a reduction in our results of operations, cash flows and liquidity if we lose one or more of these customers or the amount of business we obtain from them is reduced for any reason, including but not limited on account of any dispute or disqualification.

We have also experienced a delay in receipt of payment from various parties with whom we have conducted business. Accordingly, we cannot assure you that the customers which contribute to the major part of our revenue stream will pay us the amounts due to us on time, or at all. In the event any of our significant customers fail to fulfil their respective obligations, our business, financial condition and results of operations would be adversely affected. While we believe we have maintained good and long term relationships with our customers. However, there can be no assurance that we will continue to have such long term relationship with them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability.

8. Our operations are concentrated in the state of Gujarat and any adverse developments affecting Gujarat could have an adverse effect on our business, results of operations and financial condition.

Our operations are concentrated in the state of Gujarat. Our manufacturing facility is also located in Bhavnagar located in the state of Gujarat. We generate majority of our revenue from this state i.e. out of Rs. 21,305.04 Lakhs in FY 2018-19, we have generated revenue of Rs. 17,392.93 Lakhs from Gujarat. Consequently, any significant social, political or economic disruption, or natural calamities or civil disruptions in the state of Gujarat or any changes in the policies of the state or local governments of this state or in the Government of India could require us to incur significant capital expenditure and change our entire business strategy in parts or

in entirety. The occurrence of our inability to effectively respond to any such event or adapt to the changes in such policies could have an adverse effect on our business, results of operations, financial condition and cash flows.

9. Ours is a high volume-low margin business.

Ours is a high volume low margin business. Our financial operations are largely dependent on the volume of the business we generate which will add to profits in absolute terms. We need to generate higher volume in terms of quantity to increase our profitability to make our products commercially feasible. Our inability to regularly grow our turnover and effectively execute our key business processes could lead to lower profitability and hence adversely affect our operating results, debt service capabilities and financial conditions. Due to the nature of the products we sell, we may not be able to charge higher margins on our products. Hence, our business model is heavily reliant on our ability to effectively grow our turnover and manage our key processes including but not limited to procurement of raw material/ traded goods, timely sales / order execution and continuous cost control of non-core activities. For further details regarding the discussions and explanations for our past results, please refer to the chapter titled –“Management’s Discussions and Analysis of Financial Position and Results of Operations” on page 162 of this Draft Red Herring Prospectus.

10. We generally do business with our customers on purchase order basis and do not enter into long-term contracts with most of them.

Our business is dependent on our continuing relationships with our customers. Our Company neither has any long-term contract with any of customers nor has any marketing tie up for our products. Further, our Company has not appointed any exclusive agents for handling its operations. Any change in the buying pattern of our end users or disassociation of major customers can adversely affect the business of our Company. The loss of or interruption of work by, a significant customer or a number of significant customers or the inability to procure new orders on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations.

11. Our Company requires significant amounts of working capital for a continued growth. Our inability to meet our working capital requirements may have an adverse effect on our results of operations.

Our business is working capital intensive. A significant portion of our working capital is utilized towards inventories and trade payables. Summary of our working capital position is given below:-

Particulars	June 30, 2019	Amount (Rs. In lakhs)		
		For the year ended March 31,		
		2019	2018	2017
A. Current Assets				
Inventories	586.99	699.95	173.79	776.28
Trade Receivables	1752.60	2371.68	1373.65	865.35
Cash and Cash Equivalents	10.62	5.55	3.16	11.16
Short Term Loans & Advances	499.39	36.40	93.28	103.59
Other Current Assets	127.24	93.93	59.32	38.00
B. Current Liabilities				
Trade Payables	1337.53	1745.79	559.08	422.93
Other Current Liabilities	246.75	242.97	97.80	74.26
Short Term Provisions	245.72	171.72	88.12	35.70
Working Capital (A-B)	1146.84	1047.04	958.20	1261.49
Inventories as % of total current assets	19.72%	21.82%	10.20%	43.26%
Trade payables as % of total current liabilities	73.09%	80.81%	75.04%	79.37%

We intend to continue growing by reaching out to new customers and also increasing sales to the existing customers and thereby reaching to other geographical areas. This may result in increase in the quantum of current assets particularly trade receivables and trade payables. Our inability to maintain sufficient cash flow, credit facility and other sources of fund, in a timely manner, or at all, to meet the requirement of working capital could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, please refer to the chapter titled “Objects of the Issue” beginning on page 73 of this Draft Red Herring Prospectus.

12. Failure to manage our inventory could have an adverse effect on our net sales, profitability, cash flow and liquidity.

The results of operations of our business are dependent on our ability to effectively manage our inventory and stocks. To effectively manage our inventory, we must be able to accurately estimate customer demand and supply requirements and manufacture new inventory accordingly. If our management has misjudged expected customer demand it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory. Further, if we fail to sell the inventory we manufacture or get manufactured by third parties on our account, we may be required to write-down our inventory or pay our suppliers without new purchases or create additional vendor financing, which could have an adverse impact on our income and cash flows.

13. Any inability on our part to comply with prescribed specifications and standards of quality in connection with our products and/or manufacturing facilities could adversely impact our business and operations.

Quality of our product is very important for our customers and their brands equity. All our products go through various quality checks at various stages. We supply copper products covering a variety of applications for the domestic, industrial and automobile segments each of which have different product specifications. Our Company is committed to provide quality products to our customers and in this relation has also received various quality accreditations including ISO 9001:2015 and ISO 14001:2015 for its products. Our Company ensures that its products are tested for various application tests such as sample test, performance, durability, product safety etc., in line with applicable standards. Failure of our products to meet prescribed quality standards may result in rejection and reworking and replacement of product. Any failure on our part to successfully maintain quality standards for our products may affect our business and operations.

14. Our Company has negative cash flows from its operating activities in the past 3 years (in FY 2016-17), details of which are given below. Sustained negative cash flow could impact our growth and business.

Our Company had negative cash flows from its operating activities in the previous three years (in FY 2016-17) as per the Restated Financial Statements and the same are summarized as under:

Amount (Rs. In lakhs)

Particulars	June 30, 2019	For the year ended March 31		
		2019	2018	2017
Cash Flow from / (used in) Operating Activities	181.95	661.05	741.81	(580.41)

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows in future, it may adversely affect our business and financial operations.

15. The Company has not placed orders for 94.69% of plant & machinery for our proposed object as specified in the Objects of the Issue. Any delay in placing orders, procurement of plant & machinery and equipments may delay our implementation schedule and may also lead to increase in price of these plant & machinery and equipments, further affecting our revenue and profitability.

As on date of the Draft Red Herring Prospectus, we have not placed entire orders for plant & machinery required to be set up. Our Company has not made any advance payment towards the same. We have identified the type of plant and machinery required to be bought towards proposed object. However, we are yet to place orders for 94.69 % of the Plant & Machinery worth Rs. 614.38 Lakhs as detailed in the "Objects of the Issue" beginning on Page 73 of this Draft Red Herring Prospectus. These are based on our estimates and on third-party quotations, which are subject to a number of variables including possible cost overruns, changes in management's views of the desirability of current plans, change in supplier of equipments, among others, which may have an adverse effect on our business and results of operations.

We have limited control over the timing and quality of services, equipments or other supplies from third party contractors and/or consultants appointed by us and we may be required to incur additional unanticipated costs to remedy any defect or default in their services or products to ensure that the planned timelines are adhered to. Further as and when we commission our planned use of plant and machineries and equipments, our other requirements and costs as well as our staffing requirements and employee expenses may increase and we may

face other challenges in extending our financial and other controls as well as in realigning our management and other resources and managing our consequent growth.

In the event that the risks and uncertainties discussed above or any other unanticipated risks, uncertainties, contingencies or other events or circumstances limit or delay our efforts to use the Net Issue Proceeds to achieve the planned growth in our business, the use of the Net Issue Proceeds for purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of your investment in our Equity Shares. For further details, please refer to the chapter titled “Objects of the Issue” beginning on page 73 of this Draft Red Herring Prospectus.

16. Delay in schedule of the purchase of plant & machinery and equipments may subject our Company to risks related to time and cost overrun which may have a material adverse effect on our business, results of operations and financial condition.

Our Company proposes to utilize Rs. 648.83 lakhs towards purchase of plant & machinery and equipments. For further details regarding to purchase of plant & machinery and equipments, please refer the chapter titled our “Objects of the Issue” and “Our Business” on page 73 and 103 respectively of this Draft Red Herring Prospectus. We may face risks relating to the commissioning and installation of these plant and machineries and equipments for reasons including delays to construction timetables, failure to complete the projects within our estimated budget, failure of our contractors and suppliers to adhere to our specifications and timelines, and changes in the general economic and financial conditions in India and other jurisdictions in which we operate.

We have limited control over the timing and quality of services, equipments or other supplies from third party contractors and/or consultants appointed by us and we may be required to incur additional unanticipated costs to remedy any defect or default in their services or products to ensure that the planned timelines are adhered to. Further as and when we commission our planned use of plant and machineries and equipments, our other requirements and costs as well as our staffing requirements and employee expenses may increase and we may face other challenges in extending our financial and other controls as well as in realigning our management and other resources and managing our consequent growth.

17. We may not have adequate experience in manufacturing of products which are proposed to be manufactured by Plant & Machineries to be acquired from Object of the Issue.

At the time of incorporation, we were engaged into manufacturing of enamelled wire and submersible winding wire only. In year 2018, Company has announced expansion of business and new product introduction in their existing product portfolio i.e. Copper Bus Bars, Profile, Copper Stripes, Oxygen Free Copper Rod, Paper Insulated Copper Conductor, Fiber Glass Copper Conductor, Mica Covered Copper Conductor, out of which few products like Paper Insulated Copper Conductor, Fiber Glass Copper Conductor and Mica Covered Copper Conductor are proposed to be manufactured with the help of Plant & machineries to be acquired from issue proceeds.

Since, we do not have prior experience of manufacturing these products, we may not assure you about future demand and quality of the products. Further, we may not assure that production of these products will be fully consumed. Non demand, quality issue, customers response may thereby affect our revenue directly or indirectly and thereby have a direct bearing on our profitability, resulting in a material adverse effect on our business, financial condition and results of operations.

18. The industry segments in which we operate being fragmented, we face competition from other players, which may affect our business operational and financial conditions.

The market for our products is competitive on account of both the organized and unorganized players. Players in this industry generally compete with each other on key attributes such as technical competence, quality of products, various products line, customer base, pricing and timely delivery. Some of our competitors may have longer industry experience and greater financial, technical and other resources, which may enable them to react faster in changing market scenario and remain competitive.

Moreover, the unorganized sector offers their products at highly competitive prices which may not be matched by us and consequently affect our volume of sales and growth prospects. Growing competition may result in a decline in our market share and may affect our margins which may adversely affect our business operations and our financial condition.

19. Our manufacturing facility is currently underutilized.

Due to longer retention time for approval of products from customers, we are unable to fully utilize the existing capacity of our manufacturing facility. We propose to upgrade our manufacturing facility by utilizing some portion of the Net Proceeds so as to enable us to enhance our capacity utilization. Further, we are approaching prospective customers on massive scale thus we believe that we can create sufficient demand to absorb a higher production scale. For further details, please refer chapter titled “Objects of the Issue” beginning on page 73 of the Draft Red Herring Prospectus. However if we are not able to upgrade our manufacturing facility in the planned manner or acquisition of prospective customers as planned, we may not be able to fully utilize our installed capacity and thereby absorb our fixed costs. Consequently we may be unable to expand our business operations and take advantage of the business opportunities available.

For further details regarding Capacity utilization, please refer chapter titled “Our Business” beginning on page 103 of the Draft Red Herring Prospectus.

20. The shortage or non-availability of power and water facilities may adversely affect our manufacturing processes and have an adverse impact on our results of operations and financial condition.

Our manufacturing processes require substantial amount of power and water facilities. The quantum and nature of power requirements of our industry and Company is such that it cannot be supplemented/ augmented by alternative/ independent sources of power supply since it involves significant capital expenditure and per unit cost of electricity produced is very high in view of increasing oil prices and other constraints. We are mainly dependent on State Government for meeting our electricity requirements. Any defaults or non-compliance of the conditions may render us liable for termination of the agreement or any future changes in the terms of the agreement may lead to increased costs, thereby affecting the profitability. Further, since we are majorly dependent on third party power supply; there may be factors beyond our control affecting the supply of power.

We draw water from borewell for use in our manufacturing facility. Lack of sufficient water resources can increase cost of such water used in manufacturing facility. Any disruption / non-availability of power and water shall directly affect our production which in turn shall have an impact on profitability and turnover of our Company.

21. We have not entered into any definitive agreements with our customers/dealers. If our customers choose not to buy their products from us, our business, financial condition and results of operations may be adversely affected and our business are on purchase order basis with our customers.

We have not entered into any definitive agreements with our customers and dealers and instead we majorly rely on past sales trend to govern the volume, pricing and other terms of sales of our products. However, such orders may be amended or cancelled prior to finalisation. Consequently, there is no commitment on the part of the customer to continue to source their requirements from us, and as a result, our sales from period to period may fluctuate significantly as a result of changes in our customers vendor preferences. There are also a number of factors other than our performance that are beyond our control and that could cause the loss of a customer. We do not have long-term contracts with our customers and there can be no assurance that we will continue to receive repeat orders from any of them including our long-standing customers. There can be no assurance that they will be on the same terms, and the new terms may be less favourable to us than those under the present terms.

22. Our Company does not own the land on which our registered office and branch offices are situated.

Our Registered office situated at Plot No. 2107/D, Office No. 203, 2nd Floor, D&I Excellus, Waghawadi Road, Bhavnagar - 364001, Gujarat, India is not owned by our Company and is taken on rent from Madhav Steels SBD, a Promoter Group entity. Further, our branch offices which are located in the state of Gujarat and Tamil Nadu are also not owned by us. However, these agreements can be extended and renewed, but we cannot assure you that such extension will be at terms favourable to the Company or extendable at all. In an adverse scenario, we may have to shift our offices to different premises, the terms of which may not be suitable to the Company. Such situations may adversely impact our business operations. For further details for Registered and branch offices of our Company, please refer the details under “Land and Property” in the chapter titled “Our Business” beginning on page 103 of this Draft Red Herring Prospectus.

23. There have been some instances of non-filing/ delays /incorrect filings in the past with certain statutory authorities. If the authorities impose monetary penalties on us or take certain punitive actions against our Company in relation to the same, our business, financial condition and results of operations could be adversely affected.

In the past, there have been some instances of non-filings or incorrect filings or delays in filing with certain statutory authorities. There are certain forms which have subsequently been filed along with the payment of additional fees, as specified by RoC. Further, our Company has penalised by National stock Exchange of India Limited for breaching the timelines to apply for trading approval of Bonus Issue dated October 24, 2019. However, our Company has duly paid the penalty and rectified the same as on date of this Draft Red Herring Prospectus.

Except as mentioned in this Draft Red Herring Prospectus, till date, there has been no penalty levied on the Company for such delays/defaults. However, it cannot be assured that even in future no such penalty will be levied. Therefore, if the authorities impose monetary penalties on us or take certain punitive actions against our Company or its Directors / Officers in relation to the same, our business, financial condition and results of operations could be adversely affected.

24. We require a number of approvals, NOCs, licences, registrations and permits in the ordinary course of our business. Some of the approvals are required to be transferred in the name of “MADHAV COPPER LIMITED” from “MADHAV COPPER PRIVATE LIMITED” pursuant to name change of our company and any failure or delay in obtaining the same in a timely manner may adversely affect our operations.

We need to apply for renewal of approvals which expire, from time to time, as and when required in the ordinary course of our business. Application for change of name of the Factory License has been made by the Company on August 30, 2019, however the same is pending. Application for change of name of Consent to Operate issued by State Pollution Control Board has been made by the Company, however the same is pending. Registration certificate for Employees State Insurance under Employees State Insurance Act, 1948 is yet to be obtained by the Company. Any failure to renew the approvals that have expired, or to apply for and obtain the required approvals, licences, registrations or permits, or any suspension or revocation of any of the approvals, licences, registrations and permits that have been or may be issued to us, could result in delaying the operations of our business, which may adversely affect our business, financial condition, results of operations and prospects. We cannot assure you that the approvals, licences, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action.

For more information, see chapter “Government and Other Statutory Approvals” on page 190 of this Draft Red Herring Prospectus.

25. We depend on certain brand names and our corporate name and logo/slogan that we may not be able to protect and/or maintain. We have a slogan which is used for our business purpose. Further the said slogan is not registered by the trademark registry.

Our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations, could adversely affect our business, financial condition, results of operations and prospects.

The material approvals, licences or permits required for our business include trade tax laws, environment laws and shops and establishment licences, among others. See “Government and other Statutory Approvals” on page 190 of this Draft Red Herring Prospectus for further details on the required material approvals for the operation of our business.

26. Compliance with and changes in safety, health and environmental laws and regulations may adversely affect our business, prospects, financial condition and results of operations.

Due to the nature of our business, we expect to be or continue to be subject to extensive and increasingly stringent environmental, health and safety laws and regulations and various labour, workplace and related laws and regulations. We are also subject to environmental laws and regulations, including but not limited to:

- Environment (Protection) Act, 1986
- Air (Prevention and Control of Pollution) Act, 1981

- Water (Prevention and Control of Pollution) Act, 1974
- Hazardous Waste Management & Handling Rules, 2008
- The Indian Boilers Act, 1923
- Other regulations promulgated by the Ministry of Environment and Forests and the Pollution Control Boards of the state of Gujarat

which govern the discharge, emission, storage, handling and disposal of a variety of substances that may be used in or result from the operations of our business. The scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted and hence the costs and management time required to comply with these requirements could be significant. Amendments to such statutes may impose additional provisions to be followed by our Company and accordingly the Company needs to incur clean-up and remediation costs, as well as damages, payment of fines or other penalties, closure of production facilities for non-compliance, other liabilities and related litigation, could adversely affect our business, prospects, financial condition and results of operations.

27. Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.

Modernization and technology upgradation is essential to provide better services to customers. Although, we strive to keep our technology in line with the latest standards, we may be required to implement new technology or upgrade the existing technology employed by us. Further, the costs in upgrading our technology could be significant as compared to the one that our competitors might have in place in terms of costs, efficiency and timely delivery of the final products.

28. We may be unable to attract and retain employees with the requisite skills, expertise and experience, which would adversely affect our operations, business growth and financial results.

We rely on the skills, expertise and experience of our employees to provide quality products to our customers. Our employees may terminate their employment with us prematurely and we may not be able to retain them. Experienced workers in our industry are highly sought after, and competition for talent is intense. If we experience any failure to attract and retain competent personnel's or any material increase in labour costs as a result of the shortage of skilled labour, our competitiveness and business would be damaged, thereby adversely affecting our financial condition and operating results. Further, if we fail to identify suitable replacements of our departed staff, our business and operation could be adversely affected and our future growth and expansion may be inhibited.

29. We do not have documentary evidence for the educational qualification of the two of promoters.

The brief profiles of Promoters, Directors and Key Managerial Personnel are required to be included in the chapter titled, "Our Management- Brief Biographies of Directors", "Our Management- Key Managerial Personnel" and "Our Promoter and Promoter Group" in the Draft Red Herring Prospectus. In case of our two promoters, Nilesh Patel and Divya Monpara, who are also Whole time Director and Non Executive Director respectively, supporting documents required for details to be stated under brief profile such as educational qualification certificates and experience certificates are not available with us and hence the same is not included in this Draft Red Herring Prospectus.

30. Our manufacturing facility is located at Bhavnagar, Gujarat. Any delay in production, or shutdown, or any interruption for a significant period of time, in this facility may in turn adversely affect our business, financial condition and results of operations.

Our Company has its manufacturing facility located at Bhavnagar, Gujarat. Our success depends on our ability to successfully manufacture and deliver our products to meet our customers demand. Our manufacturing facility is susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below the expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. Further, our manufacturing facility is also subject to operating risk arising from compliance with the directives of relevant government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties. If our Company experiences delays in production or shutdowns due to any reason, including

disruptions caused by disputes with its workforce or any external factors, our Company's operations will be significantly affected, which in turn would have a material adverse effect on our business, financial condition and results of operations.

31. Our operations may be adversely affected in case of industrial accidents at our production facility.

Usage of heavy machinery, handling of sharp parts of machinery by labour during production process or otherwise, handling process of heavy material, short circuit of power supply for machines, etc. may result in accidents and fires, which could cause indirect injury to our labour, employees, other persons on the site and could also damage our properties thereby affecting our operations. Further, our plant and machinery and personnel may not be covered under adequate insurance for occurrence of particular types of accidents which could adversely hamper our cash flows and profitability.

32. Our Company is dependent on third party transportation providers for transportation of raw materials and finished goods. Accordingly, any increase in transportation costs or unavailability of transportation services for our products or transportation strikes may have an adverse effect on our business.

Our Company is engaged in manufacturing of Copper products and we have our manufacturing facility situated at Bhavnagar, Gujarat. We procure raw materials from domestic suppliers. Also, our finished goods are sold and delivered to various locations across the country. Though our business has not experienced any disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. Most of these raw material and finished products are transported to and from our manufacturing unit by third party transportation providers. Transportation strikes could have an adverse effect on our receipt of goods, raw materials and our ability to deliver our products to our customers. Non-availability of ships, barges and trucks could also adversely affect our receipt of goods, raw materials and the delivery of our products. Further, disruptions of transportation services due to weather-related problems, strikes, lock-outs, inadequacies in the road infrastructure, or other events could impair ability to procure raw materials on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations.

33. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees, expand our distribution network and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

34. We may not be successful in implementing our business strategies.

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

35. We have not entered into any technical support service for the maintenance and smooth functioning of our equipment's and machineries, which may affect our performance.

Our manufacturing processes involve daily use of technical equipment's and machineries. They require periodic maintenance checks and technical support in an event of technical breakdown or malfunctioning. Our Company has not entered into any technical support service agreements with any competent third party. However, Company has an in-house team for maintenance and advancement of machinery. Our failure to reduce the downtime in as such events occur may adversely affect our productivity, business and results of operations.

36. We have certain contingent liabilities that have not been provided for in our Company’s financials which if materialized, could adversely affect our financial condition.

As on June 30, 2019, our Company has following contingent liabilities as per restated financial statements, the details for which are as under:

Amount (Rs. in. Lakhs)	
Particulars	Amount Outstanding as on June 30, 2019
Export Obligation	66.81
Total	66.81

In the event any such contingencies mentioned above were to materialize or if our contingent liabilities were to increase in the future, our financial condition could be adversely affected. For further details, see the section titled —Financial Statements on page 161 of this Draft Red Herring Prospectus.

37. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation and goodwill of our Company. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

38. The average cost of acquisition of Equity Shares by our Promoters could be lower than the floor price.

Our Promoters average cost of acquisition of Equity Shares in our Company may be lower than the Floor Price of the Price Band as may be decided by the Company in consultation with the Book Running Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer chapter titled “Offer Document Summary” and “Capital Structure” beginning on page 23 and 62 respectively of this Draft Red Herring Prospectus.

39. Our insurance coverage may not be adequate.

Our Company has obtained insurance coverage in respect of certain risks. We have taken insurance policies such as Marine Cargo Insurance Policy, Burglary & Housebreaking Policy, Workmen’s Compensation Insurance Policy and Standard Fire & Special Perils Policy for our manufacturing facility, employees and products. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks, specifically risks like loss of profits, losses due to terrorism, etc. Further, there can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance has been availed. If we suffer a significant uninsured loss or if insurance claim in respect of the subject-matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected. For further details, please refer chapter titled “Our Business” beginning on page 103 of this Draft Red Herring Prospectus.

40. Our lenders have charge over our movable and immovable properties in respect of finance availed by us.

We have secured our lenders by creating a charge over our movable and immovable properties in respect of loans / facilities availed by us from banks and financial institutions. The total amounts outstanding and payable by us as secured loans were ₹ 1,197.55 Lakhs as per restated financials for period ended June 30, 2019. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be forfeited by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further information on the “Financial Indebtedness” please refer to page 179 of this Draft Red Herring Prospectus.

41. Our lenders have imposed certain restrictive conditions on us under our financing arrangements.

Under our financing arrangements, we are required to obtain the prior, written lender consent for, among other matters, changes in our capital structure, formulate a scheme of amalgamation or reconstruction and entering into any other borrowing arrangement. Further, we are required to maintain certain financial ratios. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain the consents necessary to take the actions we believe are necessary to operate and grow our business. Our level of existing debt and any new debt that we incur in the future has important consequences. Any failure to comply with these requirements or other conditions or covenants under our financing agreements that is not waived by our lenders or is not otherwise cured by us, may require us to repay the borrowing in whole or part and may include other related costs. Our Company may be forced to sell some or all of its assets or limit our operations. This may adversely affect our ability to conduct our business and impair our future growth plans. For further information, see the chapter titled “Financial Indebtedness” on page 179 of the Draft Red Herring Prospectus.

Though these covenants are restrictive to some extent for us, however it ensures financial discipline, which would help us in the long run to improve our financial performance.

42. We are subject to risks associated with expansion into new geographic regions.

Currently, we are selling our products in the states of Gujarat, Maharashtra, Tamil Nadu, Andhra Pradesh, Madhya Pradesh, Karnataka, Delhi and Rajasthan. Expansion into new geographic regions including different states in India, subjects us to various challenges, including those relating to our lack of familiarity with the culture, legal regulations and economic conditions of these new regions, language barriers, difficulties in staffing and managing such operations and the lack of brand recognition and reputation in such regions. The risks involved in entering new geographic markets and expanding operations, may be higher than expected, and we may face significant competition in such markets. By expanding into new geographical regions, we could be subject to additional risks associated with establishing and conducting operations, including, laws and regulations, uncertainties and customer’s preferences, political and economic stability.

By expanding into new geographical regions, we may be exposed to significant liability and could lose some or all of our investment in such regions, as a result of which our business, financial condition and results of operations could be adversely affected.

43. The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.

Since, the Issue size is less than Rs.10,000 lakh, there is no mandatory requirement of appointing an independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

44. Within the parameters as mentioned in the chapter titled ‘Objects of the Issue’ beginning on page 73 of this Draft Red Herring Prospectus, our Company’s management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.

We intend to use Issue Proceeds towards purchase of Plant & Machineries, meeting working capital requirements, repayment of secured borrowings, general corporate purposes and to meet issue expenses. We intend to deploy the Net Issue Proceeds in FY 2019-20. Such deployment is based on certain assumptions and strategy which our Company believes to implement in near future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Issue Proceeds, please refer chapter titled “Objects of the Issue” beginning on page 73 of this Draft Red Herring Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company’s Board of Directors. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in the chapter titled “Objects of the Issue” beginning on page 73 of this Draft Red Herring Prospectus, the Management of the Company will have significant flexibility in applying the proceeds received by our Company from the Issue.

However, Audit Committee will monitor the utilization of the proceeds of this Issue and prepare the statement for utilization of the proceeds of this Issue. However in accordance with Section 27 of the Companies Act, 2013, a company shall not vary the objects of the Issue without our Company being authorised to do so by our shareholders by way of special resolution and other compliances in this regard. Our Promoters and controlling shareholder shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

45. We have not made any alternate arrangements for meeting our capital requirements for the Objects of the issue. Further we have not identified any alternate source of financing the ‘Objects of the Issue’. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.

As on date of this Draft Red Herring Prospectus, we have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. We meet our capital requirements through our bank finance, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled “Objects of the Issue” beginning on page 73 of this Draft Red Herring Prospectus.

46. Our Company has unsecured loans which are repayable on demand. Any demand loan from lenders for repayment of such unsecured loans, may adversely affect our cash flows.

Based on Restated Financial Statement, our Company has unsecured loan as at June 30, 2019, amounting to Rs. 77.08 lakhs from Promoter – Rohit Chauhan that is repayable on demand to the relevant lender as per restated financial statements. Further, this loan is not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition of the borrower against which repayment is sought. Any demand from lender for repayment of such unsecured loan, may adversely affect our cash flows. For further details of unsecured loans of our Company, please refer the chapter titled “Financial Statements as Restated” beginning on page 161 of this Draft Red Herring Prospectus.

47. Our future funds requirements, in the form of issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the shareholders depending upon the terms on which they are eventually raised.

We may require additional capital from time to time depending on our business needs. Any issue of shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt, then it may substantially increase our interest burden and decrease our cash flows, thus prejudicially affecting our profitability and ability to pay dividends to our shareholders.

48. Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “Dividend Policy” on page 160 of this Draft Red Herring Prospectus.

49. Our Promoter and members of the Promoter Group will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.

As on the date of this Draft Red Herring Prospectus, our Promoters and members of the Promoter Group hold 73.04% of the issued, subscribed and paid-up share capital of our Company. After completion of the Issue, our Promoters and Promoter Group will collectively own [●] % of the Equity Shares. As a result, our Promoter together with the members of the Promoter Group will be able to exercise a significant degree of influence over us and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act and our AoA. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoter will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or minority shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

50. We have taken guarantees from Promoters and members of Promoter Group in relation to debt facilities provided to us.

We have taken guarantees from Promoters and members of Promoter Group in relation to our secured debt facilities availed from our Bankers. In an event any of these persons withdraw or terminate its/their guarantees, the lender for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lender and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could adversely affect our financial condition. For more information please see the chapter titled “Financial Indebtedness” beginning on page 179 of this Draft Red Herring Prospectus.

51. Our success depends largely upon the services of our Directors, Promoters and other Key Managerial Personnel and our ability to attract and retain them. Demand for Key Managerial Personnel in the industry is intense and our inability to attract and retain Key Managerial Personnel may affect the operations of our Company.

Our success is substantially dependent on the expertise and services of our Directors, Promoter and our Key Managerial Personnel (“KMP”). They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. Our future performance will depend upon the continued services of these persons. Demand for KMP in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results of our operations.

52. In addition to normal remuneration or benefits and reimbursement of expenses, some of our Directors and key managerial personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.

Our Directors and Key Managerial Personnel (“KMP”) are interested in our Company to the extent of remuneration paid to them for services rendered and reimbursement of expenses payable to them. In addition, some of our Directors and KMP may also be interested to the extent of their shareholding and dividend entitlement in our Company. For further information, see “Capital Structure” and “Our Management” on pages 62 and 138 respectively, of this Draft Red Herring Prospectus.

53. Negative publicity could adversely affect our revenue model and profitability.

Our business is dependent on the trust our customers have reposed in the quality of our products and services. Any negative publicity regarding our Company, brand or our products due to any other unforeseen events could affect our reputation and our results from operations. Further, our business may also be affected if there is any negative publicity associated with the products and services which are being rendered by our Company which may indirectly result in erosion of our reputation and goodwill.

54. We have in the past entered into related party transactions and may continue to do so in the future for support activities and guarantees

Our Company has entered into various transactions with our Promoter, Promoter Group, Directors and Group Companies. These transactions or any future transactions with our related parties could potentially involve conflicts of interest. While we believe that all such transactions are conducted on arm's length basis, there can be no assurance that we could not have achieved more favourable terms had such transactions were not entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operation. For details on the transactions entered by us, please refer to chapter "Related Party Transactions" beginning on page 159 of the Draft Red Herring Prospectus.

55. Industry information included in this Draft Red Herring Prospectus has been derived from industry reports. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us, or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

ISSUE SPECIFIC RISKS:

56. After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.

The price of the Equity Shares on the stock exchange may fluctuate as a result of the factors, including:

- Volatility in the India and global capital market;
- Company's results of operations and financial performance;
- Performance of Company's competitors;
- Adverse media reports on Company;
- Changes in our estimates of performance or recommendations by financial analysts;
- Significant developments in India's economic and fiscal policies; and
- Significant developments in India's environmental regulations.

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

57. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue Price of our Equity Shares will be determined by Book Built method. This price is based on numerous factors (For further information, please refer chapter titled "Basis for Issue Price" beginning on page 82 of this Draft Red Herring Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may

decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

58. QIB and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid Period and withdraw their Bids until Bid Closing Date. While our Company is required to complete Allotment pursuant to the issue within six Working Days from the Bid Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Bidders ability to sell the Equity Shares Allotted pursuant to the issue or cause the trading price of the Equity Shares to decline on listing.

59. Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any instance of disinvestments of equity shares by our Promoter or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

EXTERNAL RISK FACTORS:

INDUSTRY RISKS

60. Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.

Our business and industry is regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

OTHER RISKS

61. Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which may be material to the financial statements prepared and presented in accordance with SEBI ICDR Regulations contained in this Draft Red Herring Prospectus.

As stated in the reports of the Auditor included in this Draft Red Herring Prospectus under chapter "Financial Statements as restated" beginning on page 161, the financial statements included in this Draft Red Herring Prospectus are based on financial information that is based on the audited financial statements that are prepared and presented in conformity with Indian GAAP and restated in accordance with the SEBI ICDR Regulations, and no attempt has been made to reconcile any of the information given in this Draft Red Herring Prospectus to any other principles or to base it on any other standards. Indian GAAP differs from accounting principles and auditing standards with which prospective investors may be familiar in other countries, such as U.S. GAAP and IFRS. Significant differences exist between Indian GAAP and U.S. GAAP and IFRS, which may be material to the financial information prepared and presented in accordance with Indian GAAP contained in this Draft Red Herring Prospectus. Accordingly, the degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is dependent on familiarity with Indian GAAP, the

Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian GAAP on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

62. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.

The regulatory and policy environment in India is evolving and subject to change. Such changes in applicable law and policy in India, including the instances described below, may adversely affect our business, financial condition, results of operations, performance and prospects in India, to the extent that we are not able to suitably respond to and comply with such changes.

For instance, in November 2016, the Government of India demonetized certain high-value denominations of currency. Trading and retail businesses in India were impacted for a limited period of time on account of such demonetization. Such businesses have subsequently needed to introduce additional point of sale instruments to improve their collection process.

The Government of India implemented a comprehensive national goods and services tax (“GST”) regime that combines taxes and levies by the central and state governments into a unified rate structure from July 1, 2017, which we believe will result in fundamental changes. However, given its recent introduction, there is no established practice regarding the implementation of, and compliance with, GST. The implementation of the new GST regime has increased the operational and compliance burden for Indian companies and has also led to various uncertainties. Any future increases and amendments to the GST regime may further affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. Further, as GST is implemented, there can be no assurance that we will not be required to comply with additional procedures and/or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the implementation of GST may have a material adverse effect on our business, financial condition and results of operations.

Further, the General Anti Avoidance Rules came into effect on April 1, 2017. The effect of the application of these provisions to our business in India is at present uncertain. Furthermore, the Finance Act, 2018 instituted a number of amendments to the existing direct and indirect tax regime which includes the withdrawal of long-term capital gains exemptions on equity shares, long term capital gains applicability in the hands of Foreign Institutional Investors and applicability of dividend distribution tax for certain transactions with shareholders, among others.

63. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

The GoI has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

64. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer

confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

65. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

66. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

67. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise finance.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

68. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. in recent years. The extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

69. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

BOOK BUILDING PROCESS

Book building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band has been determined by our Company in consultation with the BRLM in accordance with the Book Building Process and advertised in all editions of a widely circulated English Newspaper, [●], all editions of a widely circulated Hindi Newspaper, [●] and a [●] edition of widely circulated Gujarati Newspaper, [●], Gujarati being the regional language of Bhavnagar, where our registered office is situated, at least two working days prior to the Bid/ Issue Opening date. The Issue Price shall be determined by our Company in consultation with the BRLM in accordance with the Book Building Process after the Bid/Issue Closing Date. Principal parties involved in the Book Building Process are:-

- Our Company;
- The Book Running Lead Manager in this case being Pantomath Capital Advisors Private Limited,
- The Syndicate Member(s) who are intermediaries registered with SEBI/ registered as brokers with National Stock Exchange of India Limited and eligible to act as Underwriters. The Syndicate Member(s) was appointed by the BRLM;
- The Registrar to the Issue and;
- The Escrow Collection Banks/ Bankers to the Issue;
- The Sponsor Bank(s);
- The Designated Intermediaries

The Issue is being made through the Book Building Process in accordance with chapter IX of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended the (“SEBI ICDR Regulations”) wherein not more than 50 % of the Net Issue will be available for allocation on a proportionate basis to Qualified Institutional Buyers (“QIBs”) (the “QIB Category”), 5% of the QIB Category shall be available for allocation on a proportionate basis to Mutual Funds only and the remainder shall be available for allocation on a proportionate basis to QIBs including Mutual Funds, subject to valid Bids being received from them at or above the Issue Price. Further, not less than 15% of the Net Issue will be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Net Issue will be available for allocation to Retail Individual Investors, in accordance with the SEBI ICDR Regulations.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under-subscription, if any, in any category, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Stock Exchange. However, under-subscription, if any in the QIB portion will not be allowed to be met with spill over from the categories or combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors)

applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention are invited to the chapter titled “Issue Procedure” beginning on page 213 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “Issue Procedure” on page 213 of this Draft Red Herring Prospectus

Illustration of Book Building and Price Discovery Process (Investors should note that this example is solely for illustrative purposes and is not specific to the Issue) Bidders can bid at any price within the price band. For instance, assume a price band of Rs.20.00 to Rs.24.00 per equity share, issue size of 3,000 equity shares and receipt of five bids from bidders, details of which are shown in the table below. A graphical representation of the consolidated demand and price would be made available at the bidding centers during the bidding period. The illustrative book below shows the demand for the equity shares of the issuer company at various prices and is collated from bids received from various investors.

Bid Quantity	Bid Price (Rs.)	Cumulative Quantity	Bid	Subscription
500	24		500	16.67%
1,000	23		1,500	50.00%
1,500	22		3,000	100.00%
2,000	21		5,000	166.67%
2,500	20		7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the issuer is able to issue the desired number of shares is the price at which the book cuts off, i.e., Rs. 22/- in the above example. The issuer, in consultation with the Book Running Lead Manager will finalize the issue price at or below such cut-off price, i.e., at or below Rs.22/-. All bids at or above this issue price and cut-off bids are valid bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

1. Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 213. of this Draft Red Herring Prospectus);
2. Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
3. Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
4. Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
5. Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form.

DETAILS OF THE MARKET MAKING ARRANGEMENT

Our Company and the Book Running Lead Manager have entered into an agreement dated [●], with the following Market Maker duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making.

Pantomath Stock Brokers Private Limited

108, Madhava Premises, Behind Family Court,
Bandra Kurla Complex, Bandra (East), Mumbai 400051,
Maharashtra, India

Tel: +91 22 42577000

Fax: +91 22 2659 8690

Email: broking@pantomathgroup.com

Contact Person: Mahavir Toshniwal

SEBI Registration Number: INZ000068338

Pantomath Stock brokers Private Limited, registered with EMERGE platform of National Stock Exchange of India Limited will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, as amended from time to time and the circulars issued by National Stock Exchange of India Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and the buy quote) shall not be more than 10% or as specified by the stock exchange from time to time and the same shall be updated in Prospectus. Further, the Market Maker(s) shall inform the Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of National Stock Exchange of India Limited and SEBI from time to time.
3. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the FPO price of [●]/- the minimum lot size is [●] Equity Shares thus minimum depth of the quote shall be Rs. [●]/- until the same, would be revised by National Stock Exchange of India Limited.
4. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our Company reaches to 25% of Issue Size (including the [●] Equity Shares out to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 25% Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduce to 24% of Issue Size, the Market Maker will resume providing 2-way quotes.
5. There shall be no exemption / threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, National Stock Exchange of India Limited may intimate the same to SEBI after due verification.

6. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
7. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors. At this stage, **Pantomath Stock Brokers Private Limited** is acting as the sole Market Maker.
8. Assumption for working capital requirements

Assumptions for Holding Period Levels

(In Days)

Particulars	Holding Level for Fiscal 2018 (Restated)	Holding Level for Fiscal 2019 (Restated)	Holding Level for Fiscal 2020 (Estimated)
Current Assets			
Inventories			
-Raw materials	2	11	10
-Finished Goods	2	1	5
Trade Receivables	30	41	46
Current Liabilities			
Trade Payables	13	32	22

Justification for "Holding Period" Levels

The justifications for the holding levels mentioned in the table above are provided below:

Assets- Current Assets	
Inventories	<p>Raw Materials- We have estimated almost similar raw material inventory levels for the Financial year 2019-20 as compared to 2018-19 as we aim to increase our production and hence intend to maintain same level of raw materials.</p> <p>Finished Goods- We have assumed finished goods inventory of 5 days for financial year 2019-20 as compared to 1 day for financial year 2018-19 to keep in line with our expected increase in finished goods turnover in coming year.</p>
Trade receivables	Our Company shall give credit facility of around 46 days to our debtors for Financial year 2019-20 as compared to 41 days for Financial year 2018-19. Going forward our Company intends to provide liberal credit facility to our debtors to increase our business operation.
Liabilities–Current Liabilities	
Trade Payables	We have assumed trade payables period of 22 days for the Financial year 2019-20 as against credit period of 32 days for Financial year 2018-19 as we intend to decrease the credit period expected from our creditors due to fulfilment of our working capital requirements through our proposed further public Issue. This would help us in maintaining good relations with our creditors.

Our Company proposes to utilize ₹ 1,100 lakhs of the Net Proceeds in Fiscal 2020 towards our working capital requirements. The balance portion of our working capital requirement for the Fiscal 2020 will be arranged from existing net worth, unsecured loan bank loans and internal accruals.

3. General Corporate Purposes

The Net Proceeds will be first utilized towards the Objects as mentioned above. The balance is proposed to be utilized for general corporate purposes, subject to such utilization not exceeding 25% of the Net Proceeds, in compliance with the SEBI ICDR Regulations. Our Company intends to deploy the balance Net Proceeds, if any, for general corporate purposes, subject to above mentioned limit, as may be approved by our management, including but not restricted to, the following:

- a) strategic initiatives
- b) on-going general corporate exigencies or any other purposes as approved by the Board subject to compliance with the necessary regulatory provisions.

The quantum of utilization of funds towards each of the above purposes will be determined by our Board of Directors based on the permissible amount actually available under the head “General Corporate Purposes” and the business requirements of our Company, from time to time. We, in accordance with the policies of our Board, will have flexibility in utilizing the Net Proceeds for general corporate purposes, as mentioned above.

BRIDGE FINANCING

We have not entered into any bridge finance arrangements that will be repaid from the Net Issue Proceeds. However, we may draw down such amounts, as may be required, from an overdraft arrangement / cash credit facility with our lenders, to finance our fund requirements towards the objects of the Issue until the completion of the Issue. Any amount that is drawn down from the overdraft arrangement / cash credit facility during this period to finance our fund requirements towards the objects

of the Issue will be repaid from the Net Proceeds.

INTERIM USE OF FUNDS

Pending utilization of the Net Proceeds for the Objects of the Issue described above, our Company shall deposit the funds only in Scheduled Commercial Banks included in the Second Schedule of Reserve Bank of India Act, 1934.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that, pending utilisation of the proceeds of the Issue as described above, it shall not use the funds from the Net Proceeds for any investment in equity and/or real estate products and/or equity linked and/or real estate linked products.

MONITORING UTILIZATION OF FUNDS

We have not appointed a monitoring agency to monitor the utilisation of the proceeds of the Issue since the Issue size is less than Rs.10,000 lakhs. Our Board will monitor the utilization of the proceeds of the Issue and will disclose the utilization of the Net Proceeds under a separate head in our balance sheet along with the relevant details, for all such amounts that have not been utilized. Our Company will indicate investments, if any, of unutilized Net Proceeds in the balance sheet of our Company for the relevant Fiscal subsequent to receipt of listing and trading approvals from the Stock Exchanges.

Pursuant to Regulation 32(5) of the SEBI Listing Regulations, our Company shall disclose to the Audit Committee the uses and applications of the Net Proceeds. Our Company shall prepare an annual statement of funds utilized for purposes other than those stated in this Draft Red Herring Prospectus, certified by the statutory auditors of our Company and place it before the Audit Committee, as required under applicable laws. Such disclosure shall be made only until such time that all the Net Proceeds have been utilized in full. Furthermore, in accordance with the Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the utilization of the proceeds of the Issue from the objects of the Issue as stated above; and (ii) details of category wise variations in the utilization of the proceeds from the Issue from the objects of the Issue as states above. This information will also be published in newspapers simultaneously with the interim or annual financial results, after placing the same before the Audit Committee.

VARIATION IN OBJECTS

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the objects of the Issue without our Company being authorised to do so by the Shareholders by way of a special resolution through postal ballot. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (the "Postal Ballot Notice") shall specify the prescribed details as required under the Companies Act and applicable rules. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where the Registered Office is situated. Our Promoters or controlling Shareholders will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, in accordance with our AoA and Companies Act, 2013, and as may be prescribed by SEBI, in this regard.

OTHER CONFIRMATIONS

No part of the Net Proceeds will be paid by us to the Promoters and Promoter Group, the Directors, associates or Key Managerial Personnel or Group Companies, except in the normal course of business and in compliance with the applicable laws.

BASIS FOR ISSUE PRICE

The Price band/Issue Price will be determined by our Company in consultation with the Book Running Lead Manager on the basis of an assessment of market demand for the Equity Shares issued through the Book Building Process and on the basis of qualitative and quantitative factors as described below. The face value of the Equity Shares is ₹ 5/- each and the Issue Price is [●] times the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band.

Investors should also refer to the sections titled “Risk Factors” and “Financial Information” beginning on pages 28, 161 and chapter titled “Our Business”, beginning on page 103 of this Draft Red Herring Prospectus to have an informed view before making an investment decision. The trading price of the Equity Shares of our Company could decline due to these risk factors and you may lose all or part of your investments.

QUALITATIVE FACTORS

Some of the qualitative factors, which form the basis for computing the price, are:

- Experienced management;
- Continuous expansion with backward integration;
- Quality assurance;
- Our manufacturing facility;
- Strong relationship with clients.

For further details, refer to heading “Our Competitive Strengths” under chapter titled “Our Business” beginning on page 103 of this Draft Red Herring Prospectus.

QUANTITATIVE FACTORS

The information presented below is based on the restated financial statements of the Company for the period ended June 30, 2019 and Financial Years ended March 31, 2019, 2018 and 2017 prepared in accordance with Indian GAAP. Some of the quantitative factors, which form the basis for computing the price, are as follows:

1. Basic and Diluted Earnings per Share (EPS) as per Accounting Standard 20 as adjusted for changes in capital:

Year/Period Ended	Basic & Diluted EPS(Rs.)	Weight
March 31, 2019	1.71	3
March 31, 2018	0.80	2
March 31, 2017	0.36	1
Weighted Average		1.18
June 30, 2019*		0.82

*Not Annualized

Notes:

1. *Basic Earnings per share = Net profit/ (loss) after tax, as restated attributable to equity shareholders /Weighted average number of equity shares outstanding during the year/ period.*
2. *Diluted Earnings per share = Net profit/ (loss) after tax, as restated attributable to equity shareholders / Weighted average number of potential equity shares outstanding during the year/ period.*
3. *Weighted average EPS = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. [(EPS x Weight) for each fiscal] / [Total of weights].*
4. *Weighted average number of Equity Shares are the number of Equity Shares outstanding at the beginning of the year adjusted by the number of Equity Shares issued during the year multiplied by the time weighing factor. The time weighing factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.*

5. Basic EPS and Diluted EPS calculations are in accordance with Accounting Standard 20 (AS-20) 'Earnings per Share', notified under Section 133 of Companies Act, 2013 read together along with paragraph 7 of the Companies (Accounts) Rules, 2014.
6. On October 24, 2019, our Company issued 1,23,21,600 Equity Shares to the existing shareholders as fully paid bonus shares. For calculating the Weighted Average Number of Equity Shares for EPS above, these bonus shares have been considered in all the periods reported.
7. The face value of each Equity Share is ₹ 5/-.

2. Price to Earnings (P/E) ratio in relation to Price Band of Rs. [●] to Rs. [●] per Equity Share of Rs. 5/- each fully paid up:

Particulars	P/E Ratio on Cap Price	P/E on Floor Price
P/E ratio based on Basic and Diluted EPS for FY 2018-19	[●]	[●]
P/E ratio based on Weighted Average EPS	[●]	[●]
Industry P/E*		
Highest		25.78
Lowest		9.75
Average		15.12

*Industry Composite comprises of Precision Wires India Limited, Ram Ratna Wire Limited, and Hindustan Copper Limited.

3. Return on Net worth (RoNW):

Return on Net Worth ("RoNW") as per restated financial statements:

Year/Period Ended	RoNW (%)	Weight
March 31, 2019	32.04	3
March 31, 2018	21.95	2
March 31, 2017	12.38	1
Weighted Average (%)		25.40
June 30, 2019*		13.25

*Not Annualized

Notes:

1. Return on Net Worth (%) = Net Profit after tax attributable to equity shareholders, as restated / Net worth as restated as at year end.
2. Weighted average RoNW = Aggregate of year-wise weighted RoNW divided by the aggregate of weights i.e. (RoNW x Weight) for each year/Total of weights.
3. Net worth is aggregate value of the paid-up share capital of the Company and Reserve and Surplus, excluding revaluation reserves if any, as per Restated Financial Information.

4. Net Asset Value (NAV) per share of Face Value of ₹ 5/- each:

As per Restated Financial Statement

Particulars	Amount (in Rs.)
Net Asset Value per Equity Share as of March 31, 2019	5.34
Net Asset Value per Equity Share as of June 30, 2019	6.15
Net Asset Value per Equity Share after the Issue- At Cap Price	[●]
Net Asset Value per Equity Share after the Issue- At Floor Price	[●]
Issue Price per equity share	[●]

Notes:

1. Issue Price per Equity Share will be determined on conclusion of the Book Building Process.

2. *Net Asset Value per Equity Share = Restated net worth, attributable to equity holders of the Company at the end of the year. / Number of equity shares outstanding as at the end of year.*
3. *Net worth is aggregate value of the paid-up share capital of the Company and Reserve and Surplus (excluding revaluation reserves, if any) and attributable to equity holders of the Company, if any, as per Restated Financial Information.*
4. *On October 24, 2019, our Company issued 1,23,21,600 Equity Shares to the existing shareholders as fully paid bonus shares. For calculating the Weighted Average Number of Equity Shares for EPS above, these bonus shares have been considered in all the periods reported.*

5. Comparison with listed industry peers:

Notes:

1. Considering the nature and size of business of the Company, the peers are not strictly comparable. However same have been included for broad comparison.
2. The figures for Madhav Copper Limited are based on the restated financial statements for the year ended March 31, 2019.
3. The figures for the peer group are based on the standalone audited results for the year ended March 31, 2019.
4. Current Market Price (CMP) is the closing price of peer group scripts as on November 29, 2019. However, CMP for our Company is the Final Price that will be determined on completion of the Book Building Process and will be updated at the time of filing Final Prospectus with the ROC.
5. NAV per share is computed as the closing net worth divided by the closing outstanding number of paid up equity shares. Net worth has been computed as the aggregate of share capital and reserves and surplus (excluding Revaluation Reserve less miscellaneous expenditure not written off).
6. P/E Ratio has been computed based on the closing market price of peer group's equity shares on November 11, 2019 as divided by the Basic EPS provided.
7. RoNW is computed as net profit after tax divided by closing net worth. Net worth has been computed as the aggregate of share capital and reserves and surplus (excluding Revaluation Reserve less miscellaneous expenditure not written off).

Madhav Copper Limited is a Book Built issue and price band for the same shall be published 2 working days before opening of the issue in English and Hindi National newspapers and one regional newspaper with wide circulation.

INDIAN COPPER INDUSTRY ANALYSIS:

Introduction

Copper is the second largest non-ferrous metal in India in terms of production. The country has come a long way since being a net importer of refined copper, with exports of refined copper markedly increasing over the years. However, India continues to import significant volumes of copper ores and concentrates from Chile, Australia and Indonesia. The demand for copper in India will remain strong, driven by rapidly increasing electricity generation and consumption.

One of the oldest metals, copper is an important non-ferrous base metal used in industry-wide applications. Compared to global markets, India has limited copper ore reserves, constituting to just about 2% of the world reserves. India ranks seventh in global refined copper production and fifth in copper smelter production globally. In addition, the country is a net exporter of refined copper.

APPROACH TO COPPER INDUSTRY:

Analysis of Copper Industry needs to be approached at both macro and micro levels, whether for domestic or global markets. Copper Industry forms part of critical industries, including infrastructure, power, automobile, defence, transport, tele com and manufacturing in general at a macro level. Hence, broad picture of Copper Sector should be at preface while analysing the Copper Industry.

Copper Sector comprises various industries, which in turn, have numerous sub-classes or products. One such major industry in the overall Copper Sector is “Copper Industry”, which in turn encompasses various segments such as power, automobile, defence, transport, tele com and manufacturing etc.

Thus, the micro analysis of such segments should be analysed in the light of “Copper Industry” at large. An appropriate view on Copper Industry then, calls for the overall economic outlook, performance and expectations of Copper Sector, position of Copper Industry and micro analysis thereof.

This Approach Note is developed by Pantomath Capital Advisors (P) Ltd (‘Pantomath’) and any unauthorized reference or use of this Note, whether in the context of Power Sector Industry and / or any other industry, may entail legal consequences.

India continues to remain the fastest growing major economy in the world in 2018-19, despite a slight moderation in its GDP growth from 7.2 per cent in 2017-18 to 6.8 per cent in 2018-19. On the other hand, the world output growth declined from 3.8 per cent in 2017 to 3.6 per cent in 2018. The slowdown in the world economy and Emerging Market and Developing Economies (EMDEs) in 2018 followed the escalation of US China trade tensions, tighter credit policies in China, and financial tightening alongside the normalization of monetary policy in the larger advanced economies. In 2019, when the world economy and EMDEs are projected to slow down by 0.3 and 0.1 percentage points respectively, growth of Indian economy is forecast to increase (Figure 1). Crucially, India forms part of 30 per cent of the global economy, whose growth is not projected to decline in 2019 (World Economic Outlook (WEO), April 2019 of IMF).

Figure 1: Growth rate of real GDP (per cent)

Data source: WEO, April 2019 database, CSO for India, 2019 projection for India is survey's projection.

Figure 3: India's share in GDP of EMDEs and World (per cent)

Data source: WEO, April 2019 database

India is the seventh largest economy in terms of Gross Domestic Product (GDP) in current US\$ and has emerged as the fastest growing major economy (Figure 2). The average growth rate of India was not only higher than China's during 2014-15 to 2017-18 but much higher than that of other top major economies (measured in terms of GDP at current US\$ terms) as well. With Purchasing Power Parity (PPP) adjustments, India's GDP at current international dollar, ranks third in the world (as shown by the size of circles in Figure 2).

The contribution of the Indian economy to the GDP of EMDEs and world economy has increased consistently over the years (Figure 3). In a span of less than a decade, India's contribution to EMDEs GDP has increased by around 1.3 percentage points and to the world economy by around 0.7 percentage points. India's share in GDP of EMDEs stood at 8 per cent in 2018. As per the WEO, April 2019 of IMF, going forward, the growth of world economy will be bolstered mainly by growth in China and India and their increasing weights in world income. In EMDEs group, India and China are the major drivers of growth. The global economy in particular the global growth powerhouse, China is rebalancing, leading to an increasing role for India. Hence, India's contribution has become much more valuable to the global economy.

INDIAN ECONOMIC OVERVIEW:

India's growth of real GDP has been high with average growth of 7.5 per cent in the last 5 years (2014-15 onwards). The Indian economy grew at 6.8 per cent in 2018-19, thereby experiencing some moderation in growth when compared to the previous year. This moderation in growth momentum is mainly on account of lower growth in 'Agriculture & allied', 'Trade, hotel, transport, storage, communication and services related to broadcasting' and 'Public administration & defence' sectors. Acreage in 2018-19 for the rabi crop was marginally lower than last year, which affected agricultural performance. The contraction in food prices may have contributed to inducing farmers to produce less. On the demand side, lower growth of GDP in 2018-19 was accounted for, by a decline in growth of government final consumption, change in stocks and contraction in valuables.

When we examine the growth pattern within the various quarters of 2018-19, we note that the moderation in real GDP growth has been experienced in all quarters of 2018-19 (Figure 4) with the fourth quarter (Q4) registering a growth of 5.8 per cent. The base effect arising from a high growth of 8.1 per cent in the Q4 of 2017-18 also led to this lower growth in Q4 of 2018-19. In this quarter, election related uncertainty may have also contributed to growth moderation.

There was contraction in ‘Agriculture & allied’ sector in the last quarter of 2018-19, though growth was reasonable in the previous three quarters. Growth of industry sector also experienced tempering in successive quarters of 2018-19 mostly on account of growth deceleration in the manufacturing sector (Table 1). This is also seen in Index of Industrial Production (IIP) of manufacturing sector, which grew at 0.3 per cent in Q4 of 2018-19, as compared to 7.5 per cent in the same quarter of previous year. Manufacturing sector was affected by the slowdown in the auto sector as well, where the production growth for all categories, apart from commercial vehicles declined in 2018-19, as compared to 2017-18. Sales growth decelerated in many segments of the automobile sector, including passenger vehicles, tractor sales, three and two wheeler sales (Figure 5). Stress in Non-Banking Financial Companies (NBFC) sector also contributed to the slow down by adversely impacting consumption finance (Figure 6). Despite the moderation of manufacturing growth within 2018-19, overall growth in the year was higher than in 2017-18, due to a high growth of 12.1 per cent in first quarter of 2018-19.

From the demand side, the decline in GDP growth during 2018-19 arose primarily from deceleration in private final consumption in the final two quarters. This could have been due to low farm incomes in rural areas arising from low food prices and also due to the stress in NBFCs, which affected its lending. The Q4 of 2018-19 also saw growth of exports declining.

Although growth rate of real GDP was high during the last few years, the coterminous decline in the nominal GDP growth from 2010-11 onwards, points towards a secular decline in inflation. As seen in Figure 7, the gap between nominal and real growth rate has reduced significantly. Thus, the GDP deflator, which is a weighted average of Consumer Prices Index (CPI) and Wholesale Price Index (WPI), became smaller. This is reflected in a consistent decline in CPI inflation during the last few years (Figure 8). In 2013-14, CPI headline inflation was close to double digits, but gradually declined thereafter to be within the target of 4 (+/- 2) per cent. Headline CPI declined to 3.4 per cent in 2018-19 from 3.6 per cent in 2017-18.

Headline WPI inflation stood at 4.3 per cent in 2018-19, higher as compared to 3.0 per cent in 2017-18. The increase in WPI inflation was broad based, which saw increase in inflation of all the groups except food in 2018-19. Increase in WPI led to marginal pick-up in GDP deflator from 3.8 per cent in 2017-18 to 4.1 per cent in 2018-19.

Core Gross Value Added (GVA) (measured as GVA except 'Agriculture & allied' activities, and 'Public administration & defence') shows higher growth than that of overall GVA in 2018-19. Core GVA growth picked up from 6.5 per cent in 2017-18 to 7.0 per cent in 2018-19, whereas GVA growth slowed down marginally from 6.9 per cent in 2017-18 to 6.6 per cent in 2018-19. For all quarters of 2018-19, the core GVA growth was higher than overall GVA growth, as 'Agriculture & allied' and 'Public administration & defence' experienced the largest decline in growth rates relative to other sectors. But in Q4 of 2018-19, the growth of core GVA also decelerated by 1 percentage point over previous quarter, largely on account of lower growth in manufacturing sector (Figure 9).

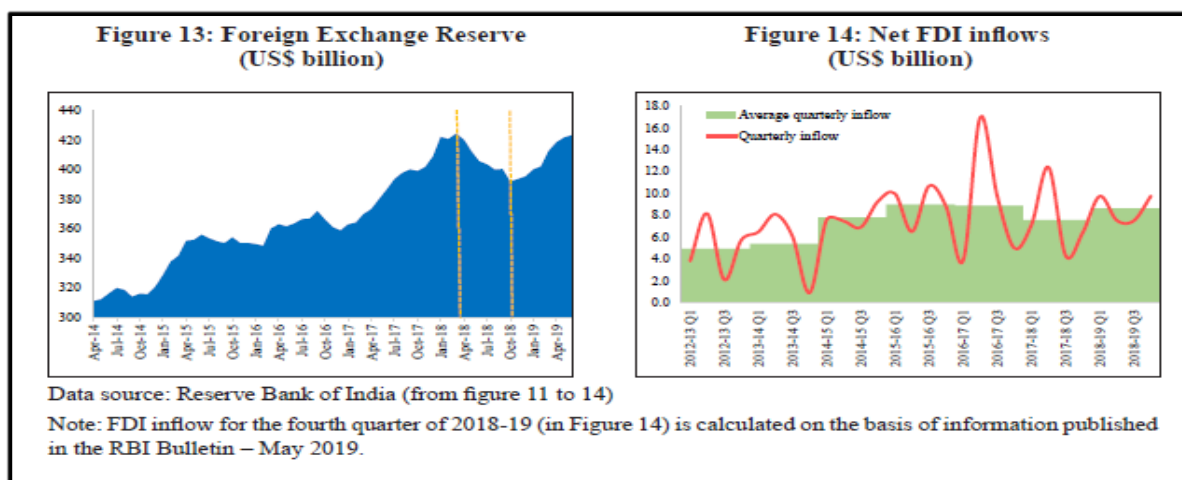

On the external front, current account deficit (CAD) increased from 1.9 per cent of GDP in 2017-18 to 2.6 per cent in April-December 2018 (refer Figure 11). The widening of the CAD was largely on account of a higher trade deficit driven by rise in international crude oil prices (Indian basket). The trade deficit increased from US\$ 162.1 billion in 2017-18 to US\$ 184 billion in 2018-19. Nominal growth of both merchandise exports and imports declined in US dollar terms in 2018-19, as compared to 2017-18. However, the decline was much sharper in merchandise imports, which reduced from 21.1 per cent to 10.4 per cent. Growth of merchandise imports declined as oil price driven increase in growth of oil imports was more than offset by contraction in value of gold imports and lower growth in the value of non-oil non-gold imports. The crude oil prices, however, showed movements in both the directions within the year. As the year commenced, crude prices increased and reached above 80 US\$/bbl. in October 2018. Thereafter, it started to decline before increasing again after December 2018 (Figure 10). Overall the oil prices were substantially higher in 2018-19, as compared to previous year.

Growth in service exports and imports in US dollar terms declined to 5.5 per cent and 6.7 per cent respectively in 2018-19, from 18.8 per cent and 22.6 per cent respectively in 2017-18. Rupee depreciated by 7.8 per cent vis-à-vis US dollar, 7.7 per cent against Yen, and 6.8 per cent against Euro and Pound Sterling in 2018-19. During 2018-19, Indian rupee traded with a depreciating trend against US dollar and touched 74.4 per US dollar in October 2018 before recovering to 69.2 per US dollar at end March 2019. Rupee depreciated in the first half of the year due to concerns related to widening of CAD owing to rising crude oil prices coupled with tighter financial conditions in US caused by increase in Federal Funds rate by the US Federal Reserve. However, rupee performed better than some of the other major emerging market currencies, such as, Argentine Peso, Turkish Lira, Brazilian Real, and Russian Ruble, which depreciated more than 10 per cent vis-à-vis US dollar. Not only in terms of bilateral exchange rate with US dollar, rupee also depreciated when measured as trade based weighted exchange rates in 2018-19. Nominal Effective Exchange Rate (NEER) (36 currency trade based bilateral weights) of rupee depreciated by 5.6 per cent in 2018-19. Correspondingly, Real Effective Exchange Rate (REER) also depreciated by 4.8 per cent in 2018-19 (Figure 12).

The foreign exchange reserves in nominal terms (including the valuation effects) decreased by US\$ 11.6 billion at end-March 2019 over end-March 2018. Within the year, foreign exchange reserves were declining until October 2018 due to RBI's intervention to modulate exchange rate volatility. India's foreign exchange reserves continue to be comfortably placed at US\$ 422.2 billion, as on 14th June 2019 (Figure 13).

Net Foreign Direct Investment (FDI) inflows grew by 14.2 per cent in 2018-19. Among the top sectors attracting FDI equity inflows, services, automobiles and chemicals were the major categories. By and large, FDI inflows have been growing at a high rate since 2015-16 (Figure 14). This pick-up indicates the improvement in confidence of the foreign investors in the Indian economy.

OUTLOOK FOR 2019-20:

The year 2019-20 has delivered a huge political mandate for the government, which augurs well for the prospects of high economic growth. Real GDP growth for the year 2019-20 is projected at 7 per cent, reflecting a recovery in the economy after a deceleration in the growth momentum throughout 2018-19. The growth in the economy is expected to pick up in 2019-20 as macroeconomic conditions continue to be stable while structural reforms initiated in the previous few years are continuing on course. However, both downside risks and upside prospects persist in 2019-20. Investment rate, which was declining from 2011-12 seems to have bottomed out. It is expected to pick up further in the year 2019-20 on the back of higher credit growth and improved demand. The political stability in the country should push the animal spirits of the economy, while the higher capacity utilization and uptick in business expectations should increase investment activity in 2019-20. Accommodative monetary policy in the beginning of the year should help in decreasing real lending rates, more so, if the transmission mechanism improves. There are signs of continuing resolution of stressed assets in the banking sector as reflected in decline in NPA to gross advances ratio as on December 2018, which should push the capex cycle.

The performance of consumption will be crucial in deciding the growth path of economy. Rural wages growth which was declining seems to have bottomed out and has started to increase since mid-2018. Further growth in rural wages should help spur rural demand. Pick up in food prices should help in increasing rural incomes and spending capacity and hence rural consumption demand. PM-Kisan scheme was announced by the government to provide an income support of `6000/- per year to small and marginal farmer families having combined land holding/ownership of upto 2 hectares. The condition of minimum land holding has been subsequently removed to benefit all farmers. This cash transfer scheme will also increase the rural incomes.

The oil prices increased in 2018-19 by around 14 \$/bbl. However, oil prices are expected to decline in 2019-20 from the current level (based on the oil futures price for 2019-20). This should provide a positive push to consumption. However, downside risks to consumption remain. The extent of recovery in farm sector and farm prices will decide the push to rural consumption, which is also dependent on the situation of monsoon. The meteorological department has predicted that the rainfall over the country

as a whole is likely to be near normal this year. This should lead to improvement in agriculture sector growth. However, according to IMD, some regions are expected to receive less than normal rains. This could prove to be detrimental for crop production in certain affected areas. If the impact of stress in the NBFC sector spills over to this year as well, it may lead to lower credit offtake from NBFCs, which may dampen growth in consumption spending.

Prospects of export growth remain weak for 2019-20 if status quo is maintained. However, reorientation of export policies to target countries/markets based on our own relative comparative advantage and the importing country's exposure to Indian goods can foster export performance. Under status quo, the outlook for the global economy is bleak in 2019, with most of the countries projected to slow down. The major threat facing the world economy is the increase in trade tensions between U.S. and China, which could lead to large disruptions in global value chains, outcome of Brexit and downside risk to China's growth. The lower global growth and the increased uncertainty about trade tensions may negatively affect export demand, including that of India's, which in turn will further lower GDP growth rates of several countries. On balance, the prospects of the economy should improve with growth of the economy expected to be 7 per cent in 2019-20.

MANUFACTURING SECTOR IN INDIA:

Introduction

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr Narendra Modi, had launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy. India is expected to become the fifth largest manufacturing country in the world by the end of year 2020*.

Market Size

The Gross Value Added (GVA) at basic current prices from the manufacturing sector in India grew at a CAGR of 4.34 per cent during FY12 and FY18 as per the second advance estimates of annual national income published by the Government of India. Under the Make in India initiative, the Government of India aims to increase the share of the manufacturing sector to the gross domestic product (GDP) to 25 per cent by 2022, from 16 per cent, and to create 100 million new jobs by 2022. Business conditions in the Indian manufacturing sector continue to remain positive.

Investments

With the help of Make in India drive, India is on the path of becoming the hub for hi-tech manufacturing as global giants such as GE, Siemens, HTC, Toshiba, and Boeing have either set up or are in process of setting up manufacturing plants in India, attracted by India's market of more than a billion consumers and increasing purchasing power.

As per Labour Bureau's Quarterly Report on Employment Scenario, manufacturing sector added an estimated 89,000 jobs in the second quarter of 2017-18. Cumulative Foreign Direct Investment (FDI) in India's manufacturing sector reached US\$ 73.70 billion during April 2000-December 2017. India has become one of the most attractive destinations for investments in the manufacturing sector. Some of the major investments and developments in this sector in the recent past are:

- As of May 2018, The Chatterjee Group (TCG) is planning to set up a Continuous Polymerisation (CP) unit and a spinning unit, which will act as forward integrated units for its petrochemicals subsidiary MCPI.
- As of April 2018, Rallis India, a subsidiary of Tata Chemicals, is planning to undertake backward integration as its inputs have become costlier and the move will help the company to ease pressure on its profit margins.
- For its Commercial Vehicles, Ashok Leyland is utilising machine learning algorithms and its newly created telematics unit to improve the performance of the vehicle, driver and so on.

Government Initiatives

The Government of India has taken several initiatives to promote a healthy environment for the growth of manufacturing sector in the country. Some of the notable initiatives and developments are:

- As of March 2018, Government of India is in the process of coming up with a new industrial policy which envisions development of a globally competitive Indian industry.
- In Union Budget 2018-19, the Government of India reduced the income tax rate to 25 per cent for all companies having a turnover of up to Rs 250 crore (US\$ 38.75 million).
- Under the Mid-Term Review of Foreign Trade Policy (2015-20), the Government of India increased export incentives available to labour intensive MSME sectors by 2 per cent.
- The Government of India has launched a phased manufacturing programme (PMP) aimed at adding more smartphone components under the Make in India initiative thereby giving a push to the domestic manufacturing of mobile handsets.
- The Government of India is in talks with stakeholders to further ease foreign direct investment (FDI) in defence under the automatic route to 51 per cent from the current 49 per cent, in order to give a boost to the Make in India initiative and to generate employment.
- The Ministry of Defence, Government of India, approved the “Strategic Partnership” model which will enable private companies to tie up with foreign players for manufacturing submarines, fighter jets, helicopters and armoured vehicles.
- The Union Cabinet has approved the Modified Special Incentive Package Scheme (M-SIPS) in which, proposals will be accepted till December 2018 or up to an incentive commitment limit of Rs 10,000 crore (US\$ 1.5 billion).

Road Ahead

India is an attractive hub for foreign investments in the manufacturing sector. Several mobile phone, luxury and automobile brands, among others, have set up or are looking to establish their manufacturing bases in the country.

The manufacturing sector of India has the potential to reach US\$ 1 trillion by 2025 and India is expected to rank amongst the top three growth economies and manufacturing destination of the world by the year 2020. The implementation of the Goods and Services Tax (GST) will make India a common market with a GDP of US\$ 2.5 trillion along with a population of 1.32 billion people, which will be a big draw for investors.

With impetus on developing industrial corridors and smart cities, the government aims to ensure holistic development of the nation. The corridors would further assist in integrating, monitoring and developing a conducive environment for the industrial development and will promote advance practices in manufacturing.

GLOBAL COPPER INDUSTRY ANALYSIS:

The global demand for copper continues to grow: world refined usage has more than tripled in the last 50 years due to expanding sectors such as electrical and electronic products, building construction, industrial machinery and equipment, transportation equipment, and consumer and general products.

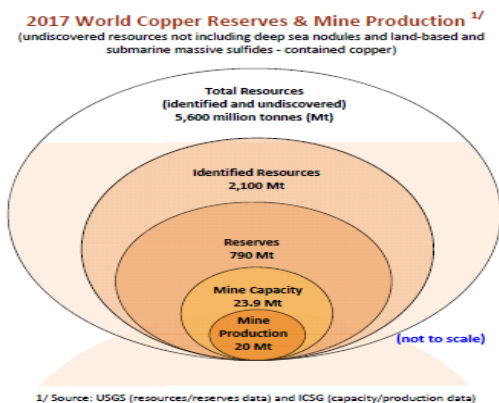

Copper Production and Usage Highlights

Preliminary figures indicate that global copper mine production in 2017 reached 20.0 million tonnes. The largest producer of mined copper was Chile (5.5 million tonnes). Smelter production in 2017 reached around 19.2 million tonnes. China was the largest producer of blister & anode in 2017 (7.6 million tonnes). Refinery Production in 2017 increased to 23.5 million tonnes, including 4.1 million tonnes of secondary refined production.

Refined copper usage (usage by semis plants or the first users of copper) in 2017 reached 23.8 million tonnes. China was also the largest consumer of refined copper in 2017 with apparent usage of around 11.8 million tonnes.

According to the International Copper Association (ICA), equipment was the largest copper end-use sector in 2017, followed by building construction and infrastructure.

New copper applications being developed include antimicrobial copper touch surfaces, lead-free brass plumbing, high tech copper wire, heat exchangers, and new consumer products as well.

(Source: The World Copper Factbook, 2018, International Copper Study Group – www.icsg.org)

Copper Mine Production and Usage

Since 1900, when world production was less than 500 thousand tonnes copper, world copper mine production has grown by 3.2% per annum to

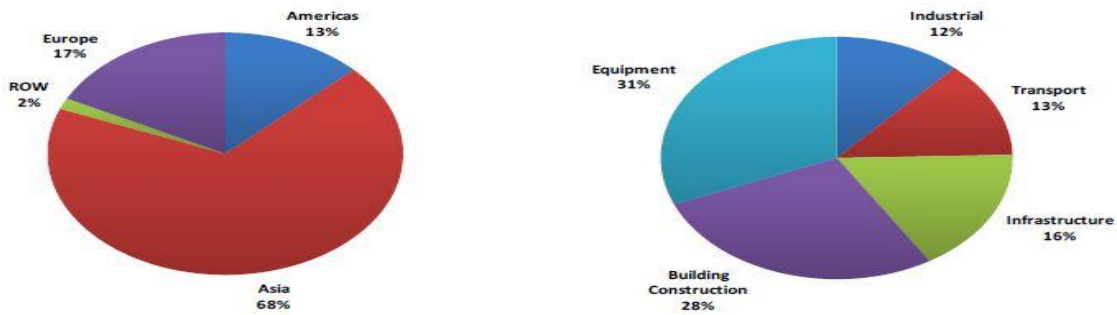

20 million tonnes in 2017. SX-EW production, virtually non-existent before the 1960s, stood at 3.7 million tonnes in 2017.

Since 1900, apparent usage for refined copper has increased from less than 500 thousand tonnes to 23.8 million metric tonnes in 2017 as usage over the period grew by a compound annual growth rate of 3.4% per year.

The key driver of global refined copper usage has been Asia, where demand has expanded almost eight-fold over the past four decades.

Growth Market for Copper Usage

In the longer term, copper could benefit from use in the following markets:

- 1. Antimicrobial** – copper is gaining popularity as an alternative to plastic in medical applications, such as sterile table tops and medical cart handles.
- 2. Aquaculture** – marine aquaculture nets and pens made with copper-alloy mesh are emerging as an effective solution to important problems facing the near-shore fish farming industry.
- 3. Electrical Propulsion** – powering EVs require changes to the electrical infrastructure that will benefit from copper.
- 4. Renewable Energy** – copper plays important roles in clean energy systems from wind to solar thermal plants.
- 5. Seismic Energy Dissipation** – earthquake damage can be controlled through the use of copper-based devices that absorb energy to limit building motions.
- 6. Ultra-conductive Copper Components** – progress is being made in the methods of incorporating nano-carbon materials into copper in a way that promises to deliver large efficiency improvements in electrical energy transmission and distribution networks.

INDIAN COPPER INDUSTRY ANALYSIS:

Introduction and Industry Structure

Copper is the second largest non-ferrous metal in India in terms of production. The country has come a long way since being a net importer of refined copper, with exports of refined copper markedly

increasing over the years. However, India continues to import significant volumes of copper ores and concentrates from Chile, Australia and Indonesia. The demand for copper in India will remain strong, driven by rapidly increasing electricity generation and consumption.

India ranks seventh in global refined copper production and fifth in copper smelter production globally. In addition, the country is a net exporter of refined copper.

Major applications of copper are in electrical sectors viz, transformers, motors, generators, switchgears, house wiring etc. The metal finds usage across numerous applications including but not limited to defence, spacecraft, railways, power cables, electronics & communications, auto ancillaries, and consumer durables such as air conditioning, refrigeration.

The copper industry operates under four categories as depicted below:

Figure 20: India's Copper Industry Structure

(Source: Indian Non-Ferrous Metals Industry, Federation of Indian Chamber of Commerce and Industry - www.ficci.com)

Overall Capacity

In India, copper companies buy copper ore (called concentrates) from international suppliers or they import it from their own mines in foreign countries.

Domestic production of refined copper has been growing at a robust CAGR of 13%, recording a level of production of 494 000 MT in FY 2012-13 to the highest level of production of 795 000 MT in FY 2016-17. Hindalco and Vedanta primarily dominate the Indian refined copper production.

Indian smelters are running at about 74% of their capacities, which is at the same level as of world capacity utilisation.

The primary copper consumption has seen a non-linear and only a marginal increase over the last decade. During 2007-16, primary copper consumption grew by only about 4%. Consumption rose from 2007 to 2010, declined during 2010-14 and then picked up again in the past two years. This is largely in line with the overall trajectory of the economy and the metals sector. The primary copper consumption decline is also in line with increased consumption of copper scrap. Refined copper consumption in the Indian economy has recorded a CAGR of 2.51% from FY 2012-13 to FY 2016-17. There was a surge in the consumption during FY 2015-16 owing to a reported drop in LME Copper prices.

Figure 22: India's Copper Production Installed Capacity

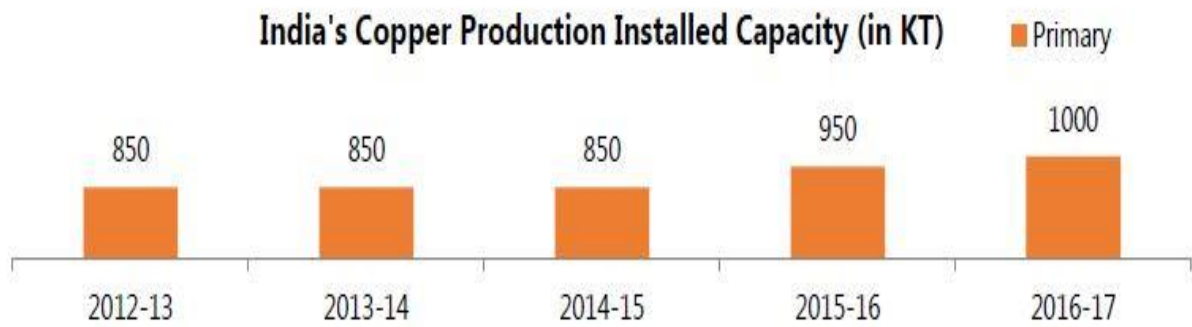

Figure 23: India's Copper Production and Consumption

(Source: Indian Non-Ferrous Metals Industry, Federation of Indian Chamber of Commerce and Industry - www.ficci.com)

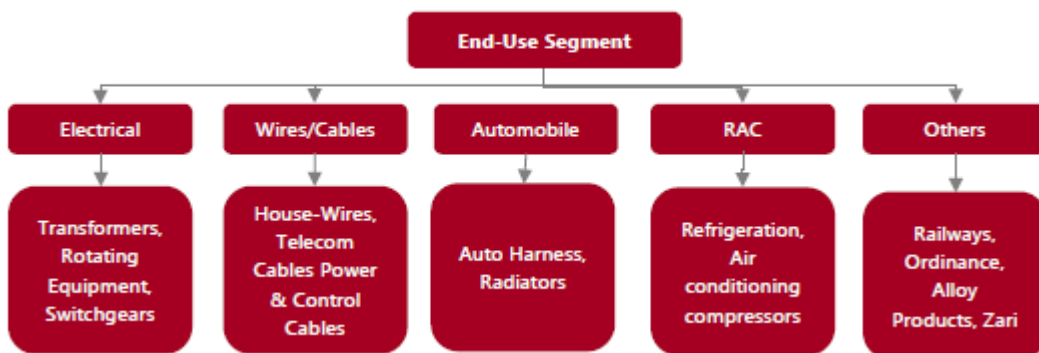

End Use of the Copper in Indian Markets

Copper and copper alloys are transformed by downstream industries for use in end-use products such as automobiles, appliances, electronics, wires and cables and a whole range of other copper dependent products. Demand for primary copper has grown at a CAGR of 14% over the past five years, thanks to robust growth in the electrical sector and consumer durables segment.

Historically, refined Copper consumption growth remained above the GDP growth by ~1%.

- Major growth drivers - Industry and Construction sector
- Expected to be sixth largest copper market by 2020

Figure 24: India's Copper Industry End-use segments

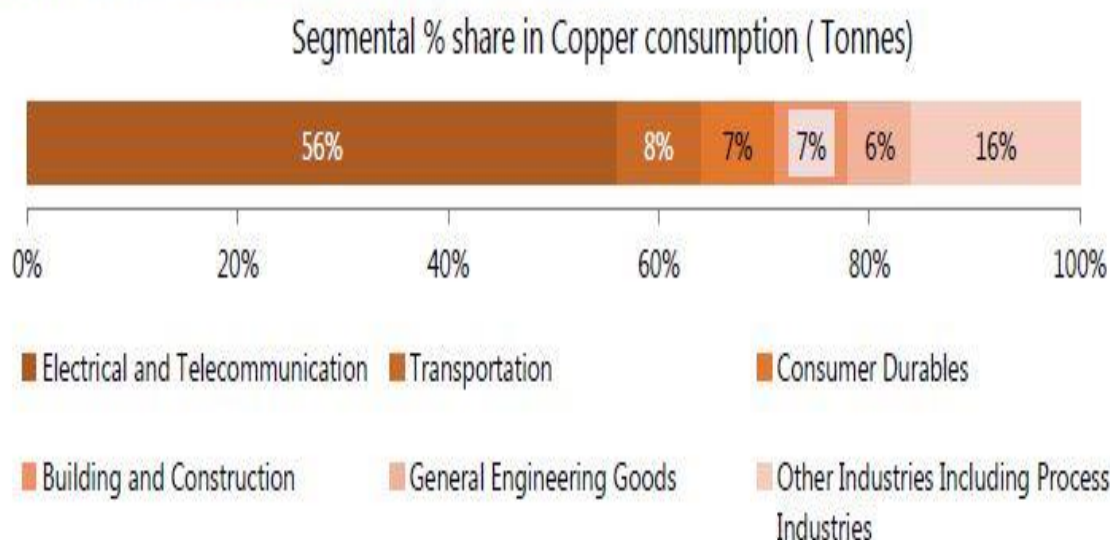

(Source: Indian Non-Ferrous Metals Industry, Federation of Indian Chamber of Commerce and Industry - www.ficci.com)

- Consumption by key Sectors:

India’s copper consumption largely comes from the electrical industry in contrast with the rest of the world. The electrical and telecommunication applications consume more than half of the total copper consumed in India. The transportation sector is a distant second with an 8% share. The consumer durables and construction sectors, each consume about 7%, and engineering goods sector’s consumption is about 6%.

Figure 25: Copper Consumption by End-Use Sector

(Source: Indian Non-Ferrous Metals Industry, Federation of Indian Chamber of Commerce and Industry - www.ficci.com)

Import – Export Scenario

India has limited copper mines that are mainly concentrated in the states of Rajasthan, Madhya Pradesh, Bihar and Jharkhand. India contributes only 0.2% to the world mined copper.

India is deficient in copper ores & concentrates owing to lack of copper mines in the country and thus heavily relies on imports to fulfil the industry’s needs. One of the primary reasons for declining imports of copper ores and concentrates is the growing imports of refined copper and semi-fabricated copper products. Another reason for the fall in imports is the increasing protectionist curbs on exports by the Government of Indonesia, a major exporter of copper ores and concentrates. This is an alarming scenario as this means India engages in less copper refining, a high value and high margin process. The domestic industry is rather dependent more on low cost imports.

The domestic availability of copper concentrates satisfies only about 4% of the demand. Import meets bulk (about 96%) of the demand.

Due to the increase in copper supply and demand for copper, India has emerged as a net exporter of Refined Copper.

Although India is a net exporter of copper, there is a significant proportion of import of downstream products. Of the total, refined copper production over 50% is being exported.

India majorly exports to China, Singapore, Taiwan, Malaysia, South Korea, Oman, Indonesia and Saudi Arabia. During FY 2012-13 China imported 88% of India’s refined copper exports vis-à-vis current level of ~ 37% of India’s refined copper exports for the FY 2016-17. As China is a manufacturing country, the demand for copper supersedes their domestic production. India’s exports of copper scrap are negligible in comparison to the exports of primary copper and copper products.

Figure 27: India's exports-imports of copper ores and concentrates

Figure 30: India's Copper Cathodes Exports and Imports

(Source: Indian Non-Ferrous Metals Industry, Federation of Indian Chamber of Commerce and Industry - www.ficci.com)

Future Outlook

Copper demand in India is expected to grow at 6-7% due to increased thrust of Govt. of India towards "make in India" and "Smart City" programmes and increased investment in railways, power, defence and infrastructure sectors which will drive the demand of copper in the country. Demand is expected to show significant growth considering the initiatives such as development of industrial corridors, smart city project, housing for all Indians by 2022, National Highway development project, Rail project, defence production policy to encourage indigenous manufacture, India energy plan 2022 100GW solar, 32GW wind, 260GW thermal & nuclear, 62 GW hydro. In addition to this, there is plan for green energy corridor for transmission of renewable energy. The per capita copper consumption in India is expected to increase from the current level of 0.6 kg to 1 kg by 2025. The per capita copper consumption of china is 6 kg and world average is 2.7 kg.

The market for Electric Vehicles (EV) is expected to witness growth in coming years as government incentives continue around the world. Copper is essential to EV technology and its supporting infrastructure. The evolving market will have a substantial impact on copper demand. The increase in the electric vehicles in the market will significantly impact copper. The projected demand for copper due to electric vehicles is expected to increase by 1.7 million tonnes by 2027.

Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the twelve-month year ended March 31 of that year.

The financial information used in this section, unless otherwise stated, is derived from our Financial Information, as restated prepared in accordance with Indian GAAP, Companies Act and SEBI Regulations. The following information is qualified in its entirety by, and should be read together with, the more detailed financial and other information included in this Draft Red Herring Prospectus, including the information contained in the sections titled “Risk Factors” and “Financial Information” beginning on pages 28 and 161 of Draft Red Herring Prospectus respectively.

OVERVIEW

Our Company was originally incorporated as “Madhav Copper Private Limited” at Bhavnagar, Gujarat as a Private Limited Company under the provisions of the Companies Act, 1956 vide Certificate of Incorporation dated November 19, 2012 issued by the Registrar of Companies, Gujarat, Dadra and Nagar Havelli. Subsequently, our Company was converted into a Public Limited Company pursuant to shareholders resolution passed at the Extra-Ordinary General Meeting of our Company held on August 02, 2016 and the name of our Company was changed to “Madhav Copper Limited” and a fresh Certificate of Incorporation consequent upon conversion from Private Limited Company to Public Limited Company dated August 17, 2016 issued by the Registrar of Companies, Ahmedabad, Gujarat. Further, shares of our company listed and traded pursuant to Initial Public Offering on SME Platform of National Stock Exchange India Limited (“NSE EMERGE”) with effect from February 06, 2017. The Corporate Identification Number of our Company is L27201GJ2012PLC072719.

We are ISO 9001:2015 and 14001:2015 certified company, engaged in the business of manufacturing of copper wire, copper rods, copper bus bars, flats, profiles, sections, strips, anodes & rods, enamelled copper wires and submersible winding wires. The copper material, which we produce, achieves an electrical conductivity of 101% IACS (International Annealed Copper Standard) and has electrical and mechanical properties suitable for applications in power generation, transmission, distribution and electronic industries.

These industries require extensive knowledge of various technologies such as - Magnetic field, stray flux, eddy currents, loss generation, temp rise, hot spot, surface oxidation, internal & external cooling, hydraulics, mechanical design, short circuit, noise, transport, electric network, impulse tests, voltage transients, resonance, dielectric design etc therefore demanding expertise to make the winding and electrical equipment short circuit-proof. Our company offers solutions to electrical winding designers to overcome all such issues.

Our Copper Fabricated Product and Winding wires are manufactured adhering National and International Standards such as IEC, NEMA, BS, ASTM and JIS. The Copper Rod is manufactured from 100% LME (London Metal Exchange) registered grade ‘A’ copper cathode used as a raw material. The Copper Conductors are manufactured from 99.997% of pure ETP and OFC grade copper and insulated with high thermal class engineered insulation material, which provides excellent dielectric properties and excellent resistance to cracking.

Incorporated in year 2012, our Company got listed its equity Shares on NSE EMERGE in year 2017 to raise funds for working capital requirement and enhance brand name and corporate image to create a public visibility of the Company. In year 2018, Company has announced expansion of business and new product introduction in their existing product portfolio i.e. Copper Bus Bars, Profile, Copper Stripes, Oxygen Free Copper Rod, Paper Insulated Copper Conductor, Fiber Glass Copper Conductor, Mica Covered Copper Conductor.

Recently, our company has been approved by Indian railway for development, manufacture and supply of Dual coated enamelled copper winding wire, Copper flat, Rectangular copper conductor, Rectangular Copper Strips, Oxygen free Copper (OFC) Rods of various sizes and specification.

Our Company is promoted by Nilesh Patel, Rohit Chauhan and Divya Monpara who are first generation entrepreneurs and having decade of experience in aggregate in the copper industry. Prior to promoting our company, Nilesh Patel had experience of copper trading and Rohit Chauhan has worked with various leading wire giants like Precision Wires India Limited Assistant Manager - Production, Salzer Electronics Limited as Manager – Production in Enamel Wire Division and ASTA India Private Limited (A Metrod Group Company) as Manager prior to promoting our company.

Our manufacturing facility is situated at Plot No. 5-B/B, Block No. 226-27, Survey No. 346-47, Near Kobdi, Ukharla, Talaja Road, Bhavnagar - 364050, Gujarat, India admeasuring 49,979 square meters. Below mentioned are other business locations pertaining to our Company –

Registered & Corporate Office - Plot No. 2107/D, Office No. 203, 2nd Floor, D&I Excellus, Waghawadi Road, Bhavnagar - 364001, Gujarat, India

Branch Office –

Ahmedabad – Shop No 4, Block No A, Ground Floor, New Tatsat Cooperative Society (Jairaj Complex), Soni Ni Chawl, Char Rasta, CMC, Odhav Road, Odhav, Ahmedabad – 382415, Gujarat, India

For period ended June 30, 2019 and Fiscals 2019, 2018 and 2017, our revenue from operations was ₹ 5,071.81 lakhs and ₹ 21,298.55 lakhs, ₹ 16,881.94 lakhs and ₹ 7,144.29 lakhs, respectively, growing at a CAGR of 72.66 % between Fiscal 2017 and Fiscal 2019. Our EBITDA for period ended June 30, 2019 and Fiscals 2019, 2018 and 2017 was ₹ 346.89 lakhs and ₹ 906.17 lakhs, ₹ 473.26 lakhs and ₹ 261.09 lakhs respectively, growing at a CAGR of 86.30 % between Fiscal 2017 and Fiscal 2019, while our profit after tax for period ended June 30, 2019 and Fiscals 2019, 2018 and 2017 was ₹ 200.91 lakhs and ₹ 421.42 lakhs, ₹ 196.23 lakhs and ₹ 86.38 lakhs respectively, growing at a CAGR of 120.88% between Fiscal 2017 and Fiscal 2019.

OUR PRODUCT PORTFOLIO

Below mentioned are the major products of our company –

Product Name	Product	Description	Application
<p>Copper Wire & Rods</p>		<p>Continuous Cast Copper Rod We manufacture copper rod from 100% LME (London Metal Exchange) registered grade “A” copper cathode. These are oxygen free copper rod having superior electrical conductivity and purity, high thermal conductivity & ductility, less surface oxide, high creep resistance, good weld ability</p> <p>Copper Earth Rods (Internal/ External Threaded) Copper Earth Rods are characterized by optimum electrical conductivity. We customize these Rods as per the customer's specification. Copper Earth Rods are widely used for its low maintenance and robust construction</p>	<p>Raw material for manufacturing a wide range of electrical cables power transmission, data and signal cables, control and instrumentation cables General wiring in buildings, transformers, motors and enamelled wire Wires, cables and conductors for energy and heat transfer system e.g. solar and thermal panels. Telecom industry cables, requiring high electrical conductivity, good weld ability, tight physical tolerance</p>

Product Name	Product	Description	Application
<p>Copper Bus Bars, Strip, Flats, Profiles, Section, & Anodes</p>		<p>Copper Bus Bars & Strip These are available in both high conductivity electrolytic tough pitch (MCL-ETP) and high conductivity Oxygen Free (OFC) copper. Both are high in copper purity with an electrical conductivity of approximately $\geq 101\%$ IACS.</p> <p>Copper Profile These are available as extruded and drawn versions for specific applications. We produce copper profiles with strict dimensional tolerances such as C-connectors, L-shape, Y-shape, H- shape, etc.</p> <p>Copper Anodes These are made from high purity copper cathode with a purity of $\geq 99.90\%$ having High electrical conductivity $>80\%$ IACS.</p>	<p>Copper Bus Bars – Switchboards, Switchgears, Electrical Panels, Power Transformers, Bus duct, Electrical Conductors, etc.</p> <p>Copper Profile Power generation - Hydro-generators, turbo-generators, wind-generators and Nuclear-generators Electrical appliances, Heat Sinks or CPU Coolers, etc.</p> <p>Copper Anodes Electro Plating Applications, Antimicrobial properties Coating, Sea Water Pipe-work Anti-fouling, etc., Printed circuit boards, Rotogravures Printing Cylinders, Copper Bonded Earth Rod, ABS Plastic, Monogram plating, Decorative Industries</p>
<p>Enamelled Copper Wire</p>		<p>We manufacture a wide range of Enamelled Round Winding Wires for use in electrical machines such as motors, generators, transformers, house hold appliances, auto-electricals, electrical hand tools, refrigeration (hermetic) motors, fans, switchgears, coils and relays, ballasts etc.</p>	<p>Transformers, General Purpose rotating & static electrical equipments, oil transformers, Control coils, Hematic motors, Armatures, Power tools & high motors, use in high speed coil winding</p>

Product Name	Product	Description	Application
Submersible Winding Wire		<p>We manufacture high quality submersible winding Wires that are specially insulated with Polyester film & Biaxial Oriented Poly Propylene (BOPP) films to ensure their full capability to withstand extremely high temperature and mechanical abrasion.</p> <p>Salient Features –</p> <ul style="list-style-type: none"> It uses 99.997% Pure ETP grade high conductivity annealed copper Less current leakage - No air gap between the films Tear resistance - High mechanical strength - High tensile strength Each coil tested at 5000 V Heat shock test - At 150 degree celcius Easy winding-Resistance annealed copper and controlled OD 	Used in submersible pumps motors of all sizes for Domestic and industrial applications

RAW MATERIALS

The major raw materials used in our manufacturing process is Copper cathode, Copper scrap and Insulation films. Further, we require Polyurethane, Polyester, Polyester imide, Theic Polyester for enamelling copper wire and Polyester film & Biaxial Oriented Poly Propylene (BOPP) films for submersible wire.

Our Company majorly sources its raw materials from domestic market.

END USERS

Our business model is B2B and B2C based which mostly caters the needs of various industries i.e. power generation (Hydro-generators, turbo-generators, wind-generators and Nuclear-generators), transmission (transformers and rotating & static electrical equipments), distribution and electronic (Electrical appliances, Power tools & high motors) industries. In B2C, it comprises of domestic usage in house wire and home appliances fitting cables. We manufacture cables and wires used for residential purposes which are sold as per the orders received by parties either directly or through a third party. Also, Our Submersible wires are mainly used in the agriculture and aquaculture industries.

MANUFACTURING PROCESS OF OUR PRODUCTS

Initially our company was engaged into manufacturing of enamelled copper wire and submersible winding wires only. To ensure benefits of backward integration, our company has started manufacturing of Copper bare wires and copper rods in year 2018.

Copper Wire & Rods –

Below mentioned is the flow chart for manufacturing the Copper Rods (Diagram 1)–

Copper Rods

Copper Cathode and copper scrap are being used as raw materials for manufacturing the Copper rods. These cathodes are sent for inspection to check copper content and purity of the same. If the same passes through inspection, then is sent for preheating in furnace. After preheating, cathodes are being molten at the temperature of 1,100 – 1,200 degree centigrade in furnace to turn it into liquid and mixed with charcoal & graphite to keep off the air and save the liquid from oxidation. The liquid copper sent to up cast machine for casting process which crystallizes the copper liquid quickly and produces copper rods. Finally, the product is being sent for quality check to ensure purity, Elongation, Tensile Strength, Surface Texture and oxygen content in the rod. If approved, the same can be used for packaging and

dispatch or used as raw material in manufacturing of copper bare wire and Copper bus bars, flats, profiles, sections, strips.

Copper Wires

Here's brief flow chart of manufacturing process of Copper wire (Diagram 2) –

Copper wires are manufactured from copper rods. Copper rods are processed through various stages i.e. drawing and annealing to produce into bare wires. Below mentioned is the brief of each stage –

Drawing –

In this process, copper rods are set on RBD (Rod break Down) Machines which will pull the rod through a drawing die. While entering the machine, size of rod will be same as the die, but during the process die goes narrow, which pressurize the diameter of rod to shrink and spread to a longer size. The same process is conducted several times through progressively smaller drawing dies. The drawing process is continued until the original copper rod is the proper gauge to be considered wire.

Annealing –

Annealing is next crucial process for wire making. During the drawing section, no heat treatment is applied to rod thus make it brittle due to pressure and strain, lacking flexibility as copper wire requires. In this stage, drawn wire is sent into an annealer to regain the flexibility. The annealing process allows the metal to recrystallize into its original qualities, softening it, but keeping the copper in a solid state.

Copper Bus Bars, Strip, Flats, Profiles, Section, & Anodes

Below mentioned is the general process of manufacturing of these products (**Diagram 3**)–

Manufacturing of Copper Bus Bars, Strip, Flats, Profiles, Section, & Anodes involves process of Extrusion and Drawing of Bench.

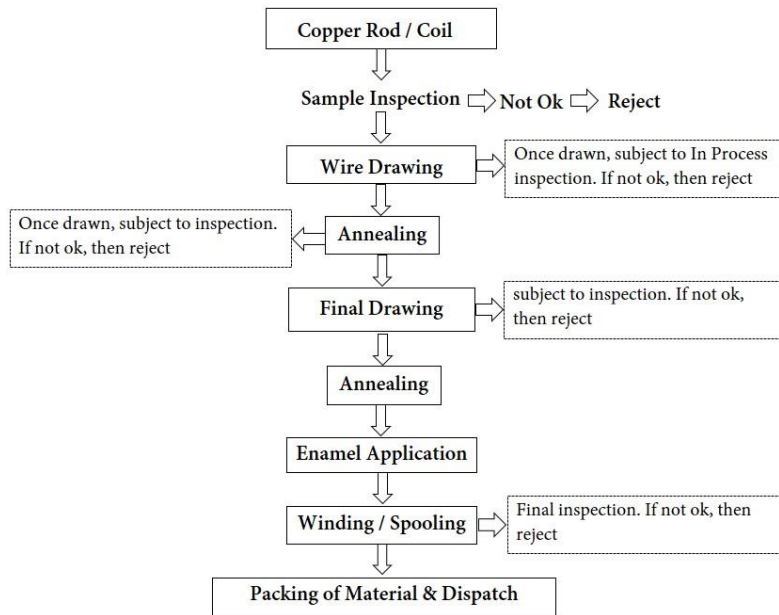

Extrusion is a process which uses a die in order to get a material with a constant cross-sectional cut. Through die, the material is pushed in order to get the desired shape. Each product has a specific die that will create that shape and characteristics. Extrusion is used with materials which are either too brittle or too soft to be formed using bending or hammering. So in order to form the desired shapes extrusion is necessary.

Similar to extrusion process, in Drawing, the tensile strength of the material is used to pull it through the die. This process is limited to simple shapes.

These Bus Bars, Strip, Flats, Profiles, Section, & Anodes are used for switchboards, Switchgears, Electrical Panels, Power Transformers, Bus duct, Electrical Conductors, Power generation - Hydro-generators, turbo-generators, wind-generators, Nuclear-generators Electrical appliances, Heat Sinks or CPU Coolers, Electro Plating Applications, Antimicrobial properties Coating, Sea Water Pipe-work Anti-fouling, etc., Printed circuit boards, Rotogravures Printing Cylinders, Copper Bonded Earth Rod, ABS Plastic, Monogram plating, Decorative Industries etc.

Enamelled Copper Wire

Below mentioned is the flow chart of the process (**Diagram 4**)–

Enamelled Copper wires are manufactured from copper rods or coils. Copper rods/coils are processed through various stages i.e. wire drawing, annealing, enamelling and winding /spooling to produce enamelled wires. Below mentioned is the brief of each stage –

Wire Drawing –

Copper rods (8 mm or 5/16" as an industry standard) are drawn through a series of dies in RBD Machines. During the process, die goes narrow which pressurizes the diameter of rod to shrink and spread to a longer size. The same process is conducted for several times through progressively smaller drawing dies until the original copper rod becomes proper gauge to be considered wire.

Annealing –

After the drawing process, the bare wire is annealed to achieve necessary softness and flexibility of the copper as no heat treatment was applied to rod in drawing section thus made it brittle due to pressure and strain, lacking flexibility as copper wires require. This process ensures minimization of oxidation.

Enamelling –

There are two types of enamelling process - Horizontal and Vertical. In this process, enamel is applied in many layers to the copper wire to ensure good adhesion and insulation properties.

An electro-insulating enamel film is applied on copper wire. This system is exclusively used for the production of medium, fine and extra-fine enamelled wire. During this phase the wire is charged with enamel through an enamelling die equipped with a calibrated slot that pour the quantity of enamel on the wire necessary to get a correct polymerization. Then, the liquid enamel covered wire is introduced in the oven for solvent evaporation and enamel polymerization until the wire reaches to desired level of enamel thickness. After that, cold air is driven on wires to reduce the temperature and cooling the same. Once cool down, external lubricant is applied on enamelled wire which improves windability. The final products are assembled in spools and sent for storage and/or dispatch.

At every stage of entire process, output is subject to quality inspection. If the same is fine, then only it passes on to next stage.

Submersible winding wires (poly wrap submersible winding wire)

These wires are manufactured from copper rods or coils.

The annealed copper wire passes through various tapping head, where three insulated film tapping is being carried out as per the customer's requirements. During this process, various types of insulation films with respect to thickness and width are used as per required outside diameter.

Covering

Submersible wires develop few pin holes as thickness of film decreases. However, coatings are strained by bending or stretching while contacting water or solvents which may cause minute cracking, resulting in the formation of numerous pin holes. This phenomenon is called crazing. Applying heat (curing) prior to contact with water or solvents causes pin holes to disappear.

Baking & Coiling

Poly tapped bobbin is then sent for unwinding in steel charakha and then it is put into oven for film curing process. Then wire is sent in the coiling department for coil preparation and finished coil is immersed in the water tank for 12 hours.

Testing

Megger test – It is a method of testing by making use of an insulation resistance meter that will help to verify the condition of electrical insulation.

High Voltage (HV) Test – High voltage test is applied across a specimen of insulation under test by means of a high voltage transformer. A resistor is connected with series with the transformer to limit the short circuit current in the event of breakdown occurred in the device under test. The resistor is rated with as many ohms as the high voltage applied across the device under test. That means the resistance must be rated in terms of ohms.

Tested coil hangs on the steel stand for drying and then dried coil is sent to quality testing as per customer requirements.

Packing and dispatching

Tested coil then goes to packing department where process is carried out for its weightment, printing, labelling and packing in to corrugated boxes. Packed material goes to BSR for the storage and from store material will get dispatched as per customer requirements.

OUR COMPETITIVE STRENGTHS

- Experienced Management
- Quality Assurance
- Continuous Expansion with backward Integration
- Our manufacturing facility
- Strong relationship with clients

1. Experienced Management

Our Company is promoted by Nilesh Patel, Rohit Chauhan and Divya Monpara who are first generation entrepreneurs and having a decade of experience in the copper industry. Prior to promoting our company, Nilesh Patel had experience of copper trading and Rohit Chauhan has worked with various leading wire giants like Precision Wires India Limited as Head – Operations / Assistant Production Manager, Salzer Magnet Wires Limited as Head – Operations Copper Wire Businesses and ASTA India Private Limited (A Metrod Group Company) prior to promoting our company. Our promoters are backed with sound management team which is instrumental in driving our growth and implementing our strategies. Our management is prudent mix of young and experienced persons leading continuous expansion of our business.

2. Quality Assurance

Our products are ISO 9001:2015 and 14001:2015 certified. From the procurement of raw material till the dispatch of final products, we ensure quality inspection thus assuring the customers with quality products. Output of each stage is sent to in - house laboratory for inspection, if the same is not upto the standards, the same is subject to rejection. We procure raw materials after conducting audit on suppliers. The copper material, which we produce, achieves an electrical conductivity of 101% IACS (International Annealed Copper Standard) and has good electrical and mechanical properties suitable for applications in power generation, transmission, distribution and electronic industries.

Due to stringent quality controls and assurance, we are preferred suppliers of Indian railway, V – Guard industries, Pluga Pumps and Motors Private Limited (Franklin Electrical USA), P.M. Diesels Private Limited (Field marshal) and Texmo Industries to name a few.

3. Continuous Expansion with backward Integration

Initially, we were into manufacturing of enamelled and submersibles poly wires only till 2018. To ensure the cost reduction, our company took steps for backward integration and started manufacturing copper bare wires and copper rods which is raw material for enamelled and submersibles poly wires. Further, to raise funds for working capital requirement and enhance brand name and corporate image to create a public visibility of the Company, we got listed our equity Shares on NSE EMERGE in year 2017. Subsequently, in 2018, Company has announced expansion of business and new product introduction in their existing product portfolio i.e. Copper Bus Bars, Profile, Copper Stripes, Oxygen Free Copper Rod, Paper Insulated Copper Conductor, Fiber Glass Copper Conductor, Mica Covered Copper Conductor. This manifold growth is possible due to continuous efforts of our management.

4. Our manufacturing facility

Our manufacturing facility situated at Plot No. 5-B/B, Block No. 226-27, Survey No. 346-47, Near Kobdi, Ukharla, Talaja Road, Bhavnagar - 364050, Gujarat, is upgraded with latest technologies of copper wire manufacturing. We are in possession of Online PLC controlled computerised fully automatic Enamelling, Insulating Tapping Process Machine as against the commonly used Traditional Machine, with atomised rod breakdown division, Extrusion division, automatic bus bars straightening machine and stringent in process inspection which is one of the latest technologically forward machines used in Copper wire, cable and Copper fabricated industry. The increased number of lines enable increased production capacity of the machines as well reduced power consumption and men power cost. Further, our Company has recently imported Enamelling, Insulating Tapping, Extrusion, Draw bench,

automatic bus bar straightening and inline drawing machine which provides the benefits of latest international technologies in our production process. Our Company has consciously dedicated resources to be technologically upgraded and has developed a scalable technology system which we believe will help us to move up the value chain in the industry in which we operate

5. Strong relationship with clients

We believe in highest level of customer satisfaction which ensures long term relationship with them. We offer a wide range of copper based products catering needs of various industries like power generation, transmission, distribution and electronic industries to name a few. We always thrive to assess changing consumer preferences and redesign the products accordingly by continuous exploring new types of winding wire solutions.

OUR BUSINESS STRATEGIES

Our vision is to provide customer satisfaction by offering quality products. In line with this vision, our Company is implementing a business strategy with the following key components. Our strategy will be to focus on capitalizing on our core strengths and expanding the operations of our business. We intend to focus on our existing business with specific emphasis on the following factors as business and growth strategy

1) Make optimum utilization of our production capacity

At present we have different installed manufacturing capacities for different types of products. Due to longer retention time for approval of products from customers, we are unable to make optimum utilization of our production capacity. We intend to expand our existing facility by purchasing certain machineries as detailed in chapter titled “Object of The Issue” out of issue proceeds and consequently increase our production capacity. With the installation of new machineries, we aim to enhance our production capacity utilization. Further, we are also approaching prospective customers on massive scale thus we believe that we can create sufficient demand to absorb a higher production scale. For further details, please refer the chapter titled “Objects of the Issue” beginning on page 73 of this Draft Red Herring Prospectus.

2) Improve operational and functional efficiency

Currently, our PAT margin is 3.95%, 1.98%, 1.16%, 1.21% for the period ended June 30, 2019 and for the year ended March 31, 2019, 2018 and 2017 respectively. We strive to improve operating efficiencies to achieve cost reductions thus having competitive edge over the peers. The same to be achieved through continuous process improvement, customer service, research and development and continuous technology improvement. In past also, we have implemented steps for backward integration, thus ensured timely and cost effective deliveries of raw material for enamelled & submersible copper wires. In future, we intend to keep our manufacturing facility upgraded with latest technology so as to make it more efficient on continuous basis.

3) Strengthen our brand value and create awareness for our products

Our Company has been marketing the products manufactured and / or distributed by us under the brand name “Madhav Copper” which is registered trademark. We believe the brand name has steadily gained recognition among consumers over the period of time. We intend to invest in developing and enhancing recognition of our brand “Madhav Copper”, through brand building efforts, communication and promotional initiatives such as advertisements in print media, hoardings, electronic media, organizing events, participation in industry events, public relations and investor relations efforts. This will help us to maintain and improve our customer reach. We seek to expand the copper wire products industry through strengthening our existing brand and developing new brands in order to capitalize on our existing position in the market

4) Expanding our distribution reach

We intend to increase the size of our addressable market by increasing the number of authorized dealers and distributors in North, South and East India. We also plan to penetrate new towns through these additional dealers and distributors. Currently, we have distribution channels majorly in Gujarat,

Maharashtra and Tamil Nadu, thus expanding in new geographical areas will increase our customer base and ultimately enhancing brand awareness. This will also lead to increased demand of our products ultimately ensuring optimum utilization of our capacities.

5) Increasing product base

Copper wire and allied products industry is vast in nature and currently, we are manufacturing copper wire, copper rods, copper bus bars, flats, profiles, sections, strips, anodes & rods, enamelled copper wires and submersible winding wires. We intend to increase our product base by entering into the manufacturing of newer products like Paper insulated copper conductor, Mica tape insulated copper conductor, Nomax insulated copper conductor, Polyamide wrapping copper conductor and fiber glass film copper conductor. Thus increased product portfolio will make us one stop copper wire and allied products solution provider.

COLLABORATIONS/ TIE UPS/ JOINT VENTURES

As on date of this Draft Red Herring Prospectus, our Company has not entered into any technical or other collaboration/ tie ups/ joint ventures with any third parties.

CAPACITY & CAPACITY UTILISATION

Our Company is into manufacturing of copper wire, copper rods, copper bus bars, flats, profiles, sections, strips, anodes & rods, enamelled copper wires and submersible winding wires. The installed and utilisation capacities of our Company for these products for the past three years are set forth in the following tables:

COMPETITION

Our Company is into copper wire and allied products manufacturing business which is dominated by unorganised players in India. Further, we are also competing with certain organised established players in the industry who have better financial position, market share, product ranges, human and other resources. Branding and marketing are keys in the industry where larger players are in a better position to market their products. We have continued competing vigorously to capture more market share and manage our growth in an optimal way. In effect to that, we have been launching newer products across different grades and quality in the market to cater and penetrate into newer geographical regions. In the Industry, our competitors have certain products such as Paper insulated copper conductor, Mica tape insulated copper conductor, Nomax insulated copper conductor, Polyamide wrapping copper conductor and fiber glass film copper conductor and certain other allied products in which as on date we do not have presence. For our existing product segment, we compete with large number of unorganized players and organized players like

- Precision Wires India Limited
- Ram Ratna Wire Limited
- Hindustan Copper Limited

We intend to continue competing vigorously to capture more market share and manage our growth in an optimal way

UTILITIES & INFRASTRUCTURE FACILITIES**Infrastructure Facilities**

Our registered office & corporate office and manufacturing facility are situated at Bhavnagar, Gujarat and we have sales and marketing offices at Ahmedabad and Coimbatore. The offices are well equipped with computer systems, internet connectivity, other communication equipment, security and other facilities, which are required for our business operations to function smoothly.

Power

Our manufacturing facility is located at Bhavnagar, Gujarat. It is equipped with requisite utilities and facilities including the following:

Our Company meets its power requirements by procuring Electricity from Paschim Gujarat Vij Company Limited with a contractual demand of 800 KVAH at its manufacturing facility. While, our

Registered Office and Corporate office require electricity for basic purposes which is met by procuring electricity from Paschim Gujarat Vij Company Limited.

As an additional source of power, we have installed two generators of 320 KVA each in our manufacturing facility.

Water

Water is critical for our manufacturing process. We require demineralized water (DM water) in our manufacturing process during cooling stage. We source our water requirement from borewell and then get the same purified with the help of R.O. System, DM plant & softener Plant and purified water tank.

Adequate arrangements with respect to water requirements for drinking purpose are made at the offices and manufacturing facility of the Company.

TAX RELATED LEGISLATIONS

Value Added Tax

Value Added Tax (“VAT”) is a system of multi-point Levy on each of the purchases in the supply chain with the facility of set-off input tax on sales whereby tax is paid at the stage of purchase of goods by a trader and on purchase of raw materials by a manufacturer. VAT is based on the value addition of goods, and the related VAT Liability of the dealer is calculated by deducting input tax credit for tax collected on the sales during a particular period. VAT is a consumption tax applicable to all commercial activities involving the production and distribution of goods and the provisions of services, and each state that has introduced VAT has its own VAT Act, under which, persons liable to pay VAT must register and obtain a registration number from Sales Tax Officer of the respective State.

Note: The VAT Act now has been replaced by the Goods and Service Tax (GST) Act, 2017

Service Tax

Chapter V of the Finance Act, 1994 as amended, provides for the levy of a service tax in respect of ‘taxable services’, as specified in entry 39 defined therein. The service provider of taxable services is required to collect service tax from the recipient of such services and pay such tax to the Government. Every person who is liable to pay this service tax must register himself with the appropriate authorities. According to Rule 6 of the Service Tax Rules, every assessee is required to pay service tax in TR 6 challan by the 5th / 6th of the month immediately following the month to which it relates. Further, under Rule 7 (1) of Service Tax Rules, the Company is required to file a half yearly return in Form ST 3 by the 25th of the month immediately following the half year to which the return relates.

Note: The Service Tax now has been replaced by the Goods and Service Tax (GST) Act, 2017

Central Sales Tax Act, 1956

The main object of this act is to formulate principles for determining (a) when a sale or purchase takes place in the course of trade or commerce (b) when a sale or purchase takes place outside a State (c) when a sale or purchase takes place in the course of imports into or export from India, to provide for levy, collection and distribution of taxes on sales of goods in the course of trade or commerce, to declare certain goods to be of special importance trade or commerce and specify the restrictions and conditions to which State Laws imposing taxes on sale or purchase of such goods of special importance (called as declared goods) shall be subject. CST Act imposes the tax on interstate sales and states the principles and restrictions as per the powers conferred by Constitution.

Note: The CST Act now has been replaced by the Goods and Service Tax (GST) Act, 2017

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taking out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code). Imported goods in India attract basic customs duty, additional customs duty and education cess. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the transaction value of the goods. Customs duties are administered by Central Board of Excise and Customs under the Ministry of Finance.

The Central Excise Act, 1944

The Central Excise Act, 1944 (“Central Excise Act”) consolidates and amends the law relating to Central Duties of Excise on goods manufactured or produced in India. Excisable goods under the Act means goods specified in the Schedule to the Central Excise Tariff Act, 1985 as being subject to duty of excise. Factory means any premises, including the precincts thereof, wherein or in any part of which excisable goods are manufactured, or wherein or in any part of which any manufacturing process connected with the production of these goods being carried on or is ordinarily carried out. Under the Act a duty of excise is levied on all excisable goods, which are produced or manufactured in India as and at the rates, set forth in the First Schedule to the Central Excise Tariff Act, 1985.

Note: The Central Excise Act now has been replaced by the Goods and Service Tax (GST) Act, 2017

Goods and Service Tax (GST)

Goods and Services Tax (GST) is levied on supply of goods or services or both jointly by the Central and State Governments. It was introduced as The Constitution (One Hundred and First Amendment) Act 2017 and is governed by the GST Council. GST provides for imposition of tax on the supply of goods or services and will be levied by Centre on intra-state supply of goods or services and by the States including Union territories with legislature/ Union Territories without legislature respectively. A destination based consumption tax GST would be a dual GST with the centre and states simultaneously levying tax with a common base. The GST law is enforced by various acts viz. Central Goods and Services Act, 2017 (CGST), State Goods and Services Tax Act, 2017 (SGST), Union Territory Goods and Services Tax Act, 2017 (UTGST), Integrated Goods and Services Tax Act, 2017 (IGST) and Goods and Services Tax (Compensation to States) Act, 2017 and various rules made thereunder. It replaces following indirect taxes and duties at the central and state levels:

Central Excise Duty, Duties of Excise (Medicinal and Toilet Preparations), additional duties on excise – goods of special importance, textiles and textile products, commonly known as CVD – special additional duty of customs, service tax, central and state surcharges and cesses relating to supply of goods and services, state VAT, Central Sales Tax, Luxury Tax, Entry Tax (all forms), Entertainment and Amusement Tax (except when levied by local bodies), taxes on advertisements, purchase tax, taxes on lotteries, betting and gambling.

It is applicable on all goods except for alcohol for human consumption and five petroleum products.

Taxpayers with an aggregate turnover of Rs. 20 lakhs would be exempt from tax. The exemption threshold for special category of states like North-East shall be Rs. 10 lakhs. Small taxpayers with an aggregate turnover in preceding financial year upto Rs. 75 lakhs (50 lakhs in case of special category states) may opt for composition levy. Under GST, goods and services are taxed at the following rates, 0%, 5%, 12% and 18%. There is a special rate of 0.25% on rough precious and semi-precious stones and 3% on gold. In addition a cess of 15% or other rates on top of 28% GST applies on few items like aerated drinks, luxury cars and tobacco products.

Export and supplies to SEZ shall be treated as zero-rated supplies. Import of goods and services would be treated as inter-state supplies. Every person liable to take registration under these Acts shall do so within a period of 30 days from the date on which he becomes liable to registration. The Central/State authority shall issue the registration certificate upon receipt of application. The Certificate shall contain fifteen digit registration number known as Goods and Service Tax Identification Number (GSTIN). In case a person has multiple business verticals in multiple location in a state, a separate application will be made for registration of each and every location. The registered assessee are then required to pay GST as per the rules applicable thereon and file the appropriate returns as applicable thereon.

OTHER LAWS

The Factories Act, 1948 (“Factories Act”)

The Factories Act, 1948 aims at regulating labour employed in factories. A “factory” is defined as “any premises whereon ten or more workers are working or were working on any day of the preceding twelve months, and in any part of which a manufacturing process is being carried on with the aid of power, or is ordinarily so carried on, or whereon twenty or more workers are working, or were 81 working on any day of the preceding twelve months, and in any part of which a manufacturing process is carried on without the aid of power, or is ordinarily so carried on...”. The main aim of the said Act is to ensure adequate safety measures and to promote the health and welfare of the workers employed in factories initiating various measures from time to time to ensure that adequate standards of safety, health and welfare are achieved at all the places.

Under the Factories Act, the State Government may make rules mandating approval for proposed factories and requiring licensing and registration of factories. The Factories Act makes detailed provision for ensuring sanitary conditions in the factory and safety of the workers and also lays down permissible working hours, leave etc. In addition, it makes provision for the adoption of worker welfare measures. The prime responsibility for compliance with the Factories Act and the rules thereunder rests on the “occupier”, being the person who has ultimate control over the affairs of the factory. The

Factories Act states that save as otherwise provided in the Factories Act and subject to provisions of the Factories Act which impose certain liability on the owner of the factory, in the event there is any contravention of any of the provisions of the Factories Act or the rules made thereunder or of any order in writing given thereunder, the occupier and the manager of the factory shall each be guilty of the offence and punishable with imprisonment or with fine. The occupier is required to submit a written notice to the chief inspector of factories containing all the details of the factory, the owner, manager and himself, nature of activities and such other prescribed information prior to occupying or using any premises as a factory. The occupier is required to ensure, as far as it is reasonably practicable, the health, safety and welfare of all workers while they are at work in the factory.

Shops and establishments laws in various states

Under the provisions of local Shops and Establishments laws applicable in various states, establishments are required to be registered. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

ENVIRONMENTAL LEGISLATIONS

The Environment Protection Act, 1986 (“Environment Protection Act”)

The purpose of the Environment Protection Act is to act as an "umbrella" legislation designed to provide a frame work for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to (a) prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

The Air Act was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Air Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Air Act, if a person intends to commence an industrial plant in a pollution control area.

Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

The Water Act was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Water Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution control boards constituted under the Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the board constituted under the Water Act.

Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2016

The Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2016 (“Hazardous Wastes Rules”) impose an obligation on every occupier of an establishment generating hazardous waste to recycle or reprocess or reuse such wastes in a registered recycler or to dispose of such hazardous wastes in an authorized disposal facility. Every person engaged, inter alia, in the

generation, processing, treatment, package, storage and destruction of hazardous waste is required to obtain an authorization from the relevant state pollution control board for collecting, recycling, reprocessing, disposing, storing and treating the hazardous waste.

The Public Liability Insurance Act, 1991

This Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. The amount is payable to the insurer.

National Environmental Policy, 2006

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of the National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

INTELLECTUAL PROPERTY LEGISLATIONS

In general, the Intellectual Property Rights includes but is not limited to the following enactments:

- The Patents Act, 1970
- Indian Copyright Act, 1957
- The Trade Marks Act, 1999
- Design Act, 2000

Indian Patents Act, 1970

A patent is an intellectual property right relating to inventions and is the grant of exclusive right, for limited period, provided by the Government to the patentee, in exchange of full disclosure of his invention, for excluding others from making, using, selling, importing the patented product or process producing that product. The term invention means a new product or process involving an inventive step capable of industrial application.

The Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

Trade Marks Act, 1999

The Trade Marks Act, 1999 provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement for commercial purposes as a trade description. The TM Act prohibits any registration of deceptively similar trademarks or chemical compounds among others. It also provides for penalties for infringement, falsifying and falsely applying for trademarks.

Designs Act, 2000

The Design Act, 2000 came into force in May 2001 to consolidate and amend the law relating to protection of designs. A design refers to the features of shape, configuration, pattern, ornamentation or composition of lines or colors applied to any article, in two or three dimensional or both forms. In order to register a design, it must be new and original and must not be disclosed to the public anywhere in India or any other country by publication in tangible form or in any other way prior to the filing date. A design should be significantly distinguishable from known designs or combination of known designs in order for it to be registerable. A registered design is valid for a period of 10 years after which can be renewed for a second period of 5 years, before the expiration of the original period of 10 years. After such period the design is made available to the public by placing it in the public domain.

GENERAL LAWS

Apart from the above list of laws – which is inclusive in nature and not exhaustive - general laws like the Indian Contract Act 1872, Specific Relief Act 1963, Negotiable Instrument Act 1881, The Information Technology Act, 2000, Sale of Goods Act 1930 and Consumer Protection Act 1986 are also applicable to the company.

OTHER LAWS

Foreign Trade (Development and Regulation) Act, 1992

The Development and Regulation of foreign trade by facilitating imports and exports from and to India. The Import-Export Code number and licence to import or export includes a customs clearance permit and any other permission issued or granted under this act. The Export and Import policy, provision for development and regulation of foreign trade shall be made by the Central Government by publishing an order. The Central Government may also appoint Director General of Foreign Trade (“DGFT”) for the purpose of Export-Import Policy formulation.

If any person makes any contravention to any law or commits economic offence or imports/exports in a manner prejudicial to the trade relations of India or to the interest of other person engaged in imports or exports then there shall be no Import Export Code number granted by Director-General to such person and if in case granted shall stand cancelled or suspended. Provision of search and seizure of Code of Criminal Procedure, 1973 shall apply to every search and seizure made under this Act. In case of appeals in a case the order made by the appellate authority shall be considered to be final. The powers of the civil court under Code of Civil Procedure, 1908 shall vest in him.

The EXIM Policy is a set of guidelines and instructions established by the DGFT in matters related to the export and import of goods in India. This policy is regulated under the said act. DGFT is the main governing body in matters related to the EXIM Policy. The Act shall provide development and regulation of foreign trade by facilitating imports into, and augmenting exports from India. Trade Policy is prepared and announced by the Central Government (Ministry of Commerce).

Foreign Exchange Management Act, 1999

Foreign investment in India is primarily governed by the provisions of the Foreign Exchange Management Act, 1999 (“FEMA”) and the rules and regulations promulgated there under. FEMA aims at amending the law relating to foreign exchange with facilitation of external trade and payments for

promoting orderly developments and maintenance of foreign exchange market in India. It applies to all branches, offices and agencies outside India owned or controlled by a person resident in India and also to any contravention there under committed outside India by any person to whom this Act applies. Every exporter of goods is required to a) furnish to the Reserve Bank or to such other authority a declaration in such form and in such manner as may be specified, containing true and correct material particulars, including the amount representing the full export value or, if the full export value of the goods is not ascertainable at the time of export, the value which the exporter, having regard to the prevailing market conditions, expects to receive on the sale of the goods in a market outside India; b) furnish to the Reserve Bank such other information as may be required by the Reserve Bank for the purpose of ensuring the realization of the export proceeds by such exporter. The Reserve Bank may, for the purpose of ensuring that the full export value of the goods or such reduced value of the goods as the Reserve Bank determines, having regard to the prevailing market conditions, is received without any delay, direct any exporter to comply with such requirements as it deems fit. Every exporter of services shall furnish to the Reserve Bank or to such other authorities a declaration in such form and in such manner as may be specified, containing the true and correct material particulars in relation to payment for such services.

FEMA Regulations

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India

The Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP"), has issued consolidated FDI Policy Circular of 2017 ("FDI Policy 2017"), which with effect from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP issues an updated circular.

The Reserve Bank of India ("RBI") also issues Master Directions Foreign Investment in India and updates at the same from time to time. Presently, FDI in India is being governed by Master Directions on Foreign Investment No. RBI/FED/2017-18/60 FED Master Direction No. 11/2017-18 dated January 4, 2018, as updated from time to time by RBI. In terms of the Master Directions, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including the filing of Form FC-GPR.

Under the current FDI Policy of 2017, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. In case of investment in sectors through Government Route approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2017 has to be obtained by the company.

B. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These aforementioned audited financial statements were prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) under the historical cost convention on accrual basis. These audited financial statements have been prepared to comply in all material aspects with the Accounting Standards prescribed by the Central Government, Section 133 of the Companies Act, 2013 (the "Act"), read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) and the relevant provisions of the Act/ Companies Act, 1956, as applicable.

The Restated Financial Information have been prepared to comply in all material aspects with the requirements of Section 26(1)(b) of the Act read with Rules 4 to 6 of Companies (Prospectus and Allotment of Securities) Rules, 2014 and the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (as amended from time to time).

All assets and liabilities have been classified as current and non-current as per normal operating cycle of the Company and other criteria set out in the Schedule III to the Companies Act, 2013. Based on nature of products/services, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

The aforementioned Restated Financial Information have been prepared in Indian Rupee (INR).

C. SIGNIFICANT ACCOUNTING POLICIES

1. Use of Estimates

The preparation of Restated Financial Information in conformity with GAAP requires that the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of property, plant and equipment and intangible assets, provision for doubtful debts/ advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known.

2. Accounting Assumptions:-

(i) Going Concern:

The enterprise is normally viewed as a going concern, that is, as continuing in operation for the foreseeable future. It is assumed that the enterprise has neither the intention nor the necessity of liquidation or of curtailing materially the scale of the operations

(ii) Consistency:

It is assumed that accounting policies are consistent from one period to another.

(iii) Accrual:-

Revenues and costs are accrued, that is, recognized as they are earned or incurred (and not as money is received or paid) and recorded in the financial statements of the periods to which they relate. (The considerations affecting the process of matching costs with revenues under the accrual assumption are not dealt with in this Statement.)

3. Valuation of Inventories

Stock of Raw Material and other stock of manufacturing purchase are valued at Cost and incidental expenses there to. Stock of Finished goods & Traded Goods are valued at lower of Cost of material consumed plus manufacturing expenses incidental there to or market value. Scrap is valued lower at cost or market value.

4. Cash Flow Statements

Cash flows are reported using the indirect method as set out in accounting standard -3 on cash flow statement issued by the institute of chartered accountants of India.

5. Depreciation and Amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the WDV method as per the useful life prescribed in Schedule II to the Companies Act, 2013. Building colony is WIP and not put use up to date hence depreciation is not calculated on that Asset.

6. Revenue Recognition

- Revenue is recognised to the extent it is possible that economic benefits will flow to the company and the revenue can be reliably measured and there is a reasonable certainty regarding ultimate collection.
- Revenue from sale of products is recognised on transfer of all significant risks and rewards of ownership of the goods to the customers, which generally coincides with the dispatch of goods. Sales are stated exclusive of GST/ VAT, trade discounts and sales returns.
- Export benefits / incentives are accounted on accrual basis in accordance with various government schemes in respect thereof and are shown under "Other Operating Revenue". Benefits available under the Export Licenses and in the nature of duty drawback are accounted for based on eligibility and when there is no significant uncertainty as to its ultimate collection.

- Interest income is recognised on a time proportionate basis taking into account the amount outstanding and the rate applicable.
- Revenue in respect of other income is recognised when no significant uncertainty as to its determination or realization exists.
- Dividend income is recognised when the right to receive the dividend is established.

7. Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment (if any). The cost of a property, plant and equipment comprises its purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Expenditure on addition, improvements and renewals is capitalized and expenditure for maintenance and repair is charged to Profit and Loss account.

8. Earnings per Share

Basic Earnings per Share is calculated by dividing the net profit after tax for the year attributable to Equity Shareholders of the Company by the weighted average number of Equity Shares outstanding at the end of the year. Diluted earnings per share is calculated by dividing net profit attributable to equity shareholders (after adjustment for diluted earnings) by average number of weighted equity share outstanding at the end of the year.

9. Taxes on Income

Tax expenses comprise of current and deferred tax

Current tax is measured at the amount expected to be paid on the basis of relief and deductions available in accordance with the provisions of Indian Income Tax Act, 1961 and includes Minimum Alternate Tax (“MAT”) paid by the company on book profits in accordance with the provisions of the Income Tax Act, 1961. MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period and will be able to set off such MAT credit entitlement.

Deferred income tax reflects the impact of the current year reversible timing differences between the taxable income and accounting income for the Year and reversal of timing differences of the earlier Year. Deferred tax is measured based on the tax rates and tax laws enacted or substantively enacted as at the balance sheet date. Deferred tax assets are recognised only to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

10. Impairment of Assets:

An Asset is considered as impaired in accordance with AS -28 “Impairment of Assets” when at the balance sheet date there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the assets belongs, exceeds its recoverable amount (i.e. the higher of the assets net selling price and value in use). In assessing the value in use, the estimated future cash flows expected from the continuing use of asset and from its ultimate disposal are discounted to their present values using a predetermined discount rate. The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the profit and loss account.

11. Provision of Contingent Liabilities

Contingent Liabilities as defined in AS 29 on “Provision, Contingent Liabilities and Contingent Assets” are disclosed here. Provision is made if it becomes probable that an outflow of future economic benefits will be required for an item previously dealt with as a contingent liability. The company had obtained a license under duty exemption scheme for import of goods however non fulfillment of documents evidencing of export may result in liability of Rs. 66.81 Lacs.

12. Retirement benefits to employee

The Company provides for gratuity, a defined benefit retirement plan (‘the Gratuity Plan’) covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death,

incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. The Company has not contributes all ascertained liabilities to any fund. The Company recognizes the net obligation of the gratuity plan in the Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15, 'Employee Benefits'. The Company's overall expected long-term rate-of-return on assets has been determined based on consideration of available market information, current provisions of Indian law specifying the instruments in which investments can be made, and historical returns. The discount rate is based on the Government securities yield. Actuarial gain and loss arising from expenses.

13. Government Grant

Government Grants are recognized when there is a reasonable assurance that the same will be received. Revenue grants are recognized in the Statement of Profit and Loss. Capital grants relating to specific fixed assets are reduced from the gross value of the respective Fixed Assets. Other capital grants are credited to Capital Reserve.

14. Current Assets, Loans and Advances

The balance under item of Sundry Debtors, Loans and Advances and Current liabilities are subject to confirmation and reconciliation and consequential adjustments, wherever applicable. However in the opinion of the Management, the realizable value of the current assets, loans and advances in the ordinary course of business will not be less than the value at which they are stated in the Balance Sheet.

In the opinion of the board of directors, the current assets, loans and advances are approximately of the same value if realized in the ordinary courses of business and the provision for all known liabilities is adequately made and not in excess of the amount reasonably consider necessary.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION

You should read the following discussion of our financial position and results of operations together with our Restated Financial Statements which have been included in this Draft Red Herring Prospectus. The following discussion and analysis of our financial position and results of operations is based on our Restated Financial Statements for the period ended June 30, 2019 and for the financial years ended March 31, 2019, 2018 and 2017 including the related notes and reports, included in this Draft Red Herring Prospectus prepared in accordance with requirements of the Companies Act and restated in accordance with the SEBI Regulations, which differ in certain material respects from IFRS, U.S. GAAP and GAAP in other countries. Our Financial Statements, as restated have been derived from our audited financial statements for the respective years. Accordingly, the degree to which our Restated Financial Statements will provide meaningful information to a prospective investor in countries other than India is entirely dependent on the reader's level of familiarity with Indian GAAP, Companies Act, SEBI Regulations and other relevant accounting practices in India.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under "Risk Factors" and "Forward Looking Statements" beginning on pages 28 and 22, respectively, and elsewhere in this Draft Red Herring Prospectus.

Our Financial Year ends on March 31 of each year. Accordingly, all references to a particular Financial Year are to the 12 months ended March 31 of that year.

OVERVIEW

FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our business is subjected to various risks and uncertainties, including those discussed in the section titled “Risk Factors” beginning on page 28 of this Draft Red Herring Prospectus. Our results of operations and financial conditions are affected by numerous factors including the following:

- Availability of aluminium wires as a substitute;
- Long retention time for approvals by customers;
- Geographical concentration of business operations
- High volume-low margin business;
- Fluctuations in the prices of major raw material;
- Economic and Demographic conditions;
- Changes in the laws and regulations that apply to copper industry in domestic and international market.

SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of Restated Financial Information in conformity with GAAP requires that the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of property, plant and equipment and intangible assets, provision for doubtful debts/ advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognised in the period in which the results are known.

Accounting Assumptions

(i) Going Concern:

The enterprise is normally viewed as a going concern, that is, as continuing in operation for the foreseeable future. It is assumed that the enterprise has neither the intention nor the necessity of liquidation or of curtailing materially the scale of the operations

(ii) Consistency:

It is assumed that accounting policies are consistent from one period to another.

(iii) Accrual:-

Revenues and costs are accrued, that is, recognized as they are earned or incurred (and not as money is received or paid) and recorded in the financial statements of the periods to which they relate. (The considerations affecting the process of matching costs with revenues under the accrual assumption are not dealt with in this Statement.)

Valuation of Inventories

Stock of Raw Material and other stock of manufacturing purchase are valued at Cost and incidental expenses there to. Stock of Finished goods & Traded Goods are valued at lower of Cost of material

consumed plus manufacturing expenses incidental there to or market value. Scrap is valued lower at cost or market value.

Cash Flow Statements

Cash flows are reported using the indirect method as set out in accounting standard -3 on cash flow statement issued by the institute of chartered accountants of India.

Depreciation and Amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the WDV method as per the useful life prescribed in Schedule II to the Companies Act, 2013. Building colony is WIP and not put use up to date hence depreciation is not calculated on that Asset.

Revenue Recognition

- Revenue is recognised to the extent it is possible that economic benefits will flow to the company and the revenue can be reliably measured and there is a reasonable certainty regarding ultimate collection.
- Revenue from sale of products is recognised on transfer of all significant risks and rewards of ownership of the goods to the customers, which generally coincides with the dispatch of goods. Sales are stated exclusive of GST/ VAT, trade discounts and sales returns.
- Export benefits / incentives are accounted on accrual basis in accordance with various government schemes in respect thereof and are shown under “Other Operating Revenue”. Benefits available under the Export Licenses and in the nature of duty drawback are accounted for based on eligibility and when there is no significant uncertainty as to its ultimate collection.
- Interest income is recognised on a time proportionate basis taking into account the amount outstanding and the rate applicable.
- Revenue in respect of other income is recognised when no significant uncertainty as to its determination or realization exists.
- Dividend income is recognised when the right to receive the dividend is established.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment (if any). The cost of a property, plant and equipment comprises its purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Expenditure on addition, improvements and renewals is capitalized and expenditure for maintenance and repair is charged to Profit and Loss account.

Earnings Per Share

Basic Earnings per Share is calculated by dividing the net profit after tax for the year attributable to Equity Shareholders of the Company by the weighted average number of Equity Shares outstanding at the end of the year. Diluted earnings per share is calculated by dividing net profit attributable to equity shareholders (after adjustment for diluted earnings) by average number of weighted equity share outstanding at the end of the year.

Taxes on Income

Tax expenses comprise of current and deferred tax

Current tax is measured at the amount expected to be paid on the basis of relief and deductions available in accordance with the provisions of Indian Income Tax Act, 1961 and includes Minimum Alternate Tax (“MAT”) paid by the company on book profits in accordance with the provisions of the Income Tax Act, 1961. MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period and will be able to set off such MAT credit entitlement.

Deferred income tax reflects the impact of the current year reversible timing differences between the taxable income and accounting income for the Year and reversal of timing differences of the earlier Year. Deferred tax is measured based on the tax rates and tax laws enacted or substantively enacted as at the balance sheet date. Deferred tax assets are recognised only to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Impairment of Assets:

An Asset is considered as impaired in accordance with AS -28 “Impairment of Assets” when at the balance sheet date there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the assets belongs, exceeds its recoverable amount (i.e. the higher of the assets net selling price and value in use). In assessing the value in use, the estimated future cash flows expected from the continuing use of asset and from its ultimate disposal are discounted to their present values using a predetermined discount rate. The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the profit and loss account.

Provision of Contingent Liabilities

Contingent Liabilities as defined in AS 29 on “Provision, Contingent Liabilities and Contingent Assets” are disclosed here. Provision is made if it becomes probable that an outflow of future economic benefits will be required for an item previously dealt with as a contingent liability. The company had obtained a license under duty exemption scheme for import of goods however non fulfilment of documents evidencing of export may result in liability of Rs. 66.81 Lakhs.

Retirement benefits to employee

The Company provides for gratuity, a defined benefit retirement plan (‘the Gratuity Plan’) covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and the tenure of employment with the Company. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method. The Company has not contributes all ascertained liabilities to any fund. The Company recognizes the net obligation of the gratuity plan in the Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15, ‘Employee Benefits’. The Company’s overall expected long-term rate-of-return on assets has been determined based on consideration of available market information, current provisions of Indian law specifying the instruments in which investments can be made, and historical returns. The discount rate is based on the Government securities yield. Actuarial gain and loss arising from expenses.

Government Grant

Government Grants are recognized when there is a reasonable assurance that the same will be received. Revenue grants are recognized in the Statement of Profit and Loss. Capital grants relating to specific fixed assets are reduced from the gross value of the respective Fixed Assets. Other capital grants are credited to Capital Reserve.

Current Assets, Loans and Advances

The balance under item of Sundry Debtors, Loans and Advances and Current liabilities are subject to confirmation and reconciliation and consequential adjustments, wherever applicable. However in the opinion of the Management, the realizable value of the current assets, loans and advances in the ordinary course of business will not be less than the value at which they are stated in the Balance Sheet.

In the opinion of the board of directors, the current assets, loans and advances are approximately of the same value if realized in the ordinary courses of business and the provision for all known liabilities is adequately made and not in excess of the amount reasonably consider necessary.

FINANCIAL YEAR 2018-19 COMPARED WITH FINANCIAL YEAR 2017-18

Total Revenue

Our total revenue increased by 25.99% to ₹ 21,305.04 lakhs for the financial year 2018-19 from ₹ 16,910.63 lakhs for the financial year 2017-18 due to the factors described below:

Revenue from operations

Our revenue from operations increased by 26.16% to ₹ 21,298.55 lakhs for the financial year 2018-19 from ₹ 16,881.94 lakhs for the financial year 2017-18 mainly due to increase in net revenue from sale of manufactured goods by 22.24% to ₹ 18,876.21 lakhs in financial year 2018-19 from ₹ 15,441.33 lakhs in financial year 2017-18. Increase in our revenue from manufacturing operations was primarily due to business expansion and introduction of new products in addition to our existing product. Our sale of traded goods also increased by 68.15% to ₹ 2,422.34 lakhs in financial year 2018-19 from ₹ 1,440.61 lakhs in financial year 2017-18.

Other income

Our other income decreased by 77.36 % to ₹ 6.50 lakhs for the financial year 2018-19 from ₹ 28.69 lakhs for the financial year 2017-18 mainly because of decrease in profit on sale of assets by ₹ 9.15 lakhs, receipt of late payment charges by ₹ 4.65 lakhs, interest income on fixed deposits by ₹ 3.86 lakhs, DIC interest subsidy by ₹ 2.84 lakhs, foreign exchange gain by ₹ 1.02 lakhs, sale of industrial waste by ₹ 0.61 lakhs and discount & kasar by ₹ 0.42 lakhs. However, this decrease was partially offset by increase in gain on mutual funds by ₹ 0.34 lakhs.

Total Expenses

Our total expenses increased by 24.79 % to ₹ 20,701.02 lakhs for the financial year 2018-19 from ₹ 16,589.09 lakhs for the financial year 2017-18, due to the factors described below:

Cost of material consumed

Our cost of material consumed for the year ended March 31, 2019 was ₹ 17,631.84 lakhs which has increased by 22.91 % as compared to ₹ 14,345.26 lakhs in financial year 2017-18. Increase in our cost of material consumed was in line with increase in our manufacturing sales during the financial year 2018-19. Our cost of material consumed as a percentage of sale of manufacturing goods was 93.41% in financial year 2018-19 which was 92.90% in financial year 2017-18.

Purchase of traded goods

Our purchase of traded goods for financial year 2018-19 increased by 83.69% from ₹ 2,310.89 lakhs in financial year 2017-18 to ₹ 1,258.03 lakhs for financial year 2018-19. Increase in purchase of traded goods was in line with increase in sales of trading goods.

Change in inventory of finished goods and traded goods

Our changes in Inventory of finished goods and traded goods was ₹ (1.85) lakhs for the financial year 2018-19 which was ₹ 652.01 lakhs for the financial year 2017-18 which was due to higher level of finished goods at the beginning of the year in financial year 2017-18 as compared to financial year 2018-19.

Employee benefits expenses

Our employee benefit expenses increased by 37.16% to ₹ 59.57 lakhs for the financial year 2018-19 from ₹ 43.43 lakhs for the financial year 2017-18. The increase was mainly due to increase in salaries & wages by ₹ 14.42 lakhs including director's remuneration by ₹ 4.22 lakhs and increase in staff welfare expenses by ₹ 2.10 lakhs. However, this increase was offset by decrease in contribution to provident fund by ₹ 0.26 lakhs and decrease in gratuity expenses by ₹ 0.13 lakhs. Increase in salary & wages was primarily due to increase in salary of employees and also increase in yearly bonus provision.

Finance costs

Our finance costs increased by 37.07 % to ₹ 126.24 lakhs for the financial year 2018-19 from ₹ 92.09 lakhs for the financial year 2017-18. Increase in our finance cost was primarily due to increase in interest expenses on secured long term and short term loans by ₹ 35.35 lakhs which was partially offset by decrease in bank charges & commission by ₹ 1.21 lakhs. Increase in interest was on account of availment of term loans from Bank of Baroda and enhanced utilization of cash credit facility in financial year 2018-19 as compared to financial year 2017-18.

Depreciation & amortization expense

Our depreciation & amortization expense increased by 172.94 % to ₹ 175.91 lakhs for the financial year 2018-19 from ₹ 64.45 lakhs for the financial year 2017-18. Our net addition to gross block was ₹ 834.79 lakhs in financial year 2018-19 which was ₹ 229.59 lakhs in financial year 2017-18.

Other expenses

Our other expenses increased by 197.72 % to ₹ 398.42 lakhs for the financial year 2018-19 from ₹ 133.82 lakhs for the financial year 2017-18. The increase was mainly due to increase in stores & consumables expenses by ₹ 112.24 lakhs, electricity charges by ₹ 98.99 lakhs, freight octroi & transportation expenses by ₹ 30.43 lakhs, travelling & conveyance expenses by ₹ 6.97 lakhs, foreign exchange loss by ₹ 4.95 lakhs, repairing & maintenance expenses by ₹ 4.77 lakhs, ROC filing fees by ₹ 4.55 lakhs, diesel expenses by ₹ 3.46 lakhs, brokerage expenses by ₹ 3.18 lakhs, packing material consumed by ₹ 3.02 lakhs, membership fees charges by ₹ 2.20 lakhs, insurance premium expenses by ₹ 1.47 lakhs, stationary & printing expenses by ₹ 1.45 lakhs, rent, rates & taxes by ₹ 1.23 lakhs, and machine repairs & maintenance expenses by ₹ 1.80 lakhs etc amongst others. However this increase was offset by decrease in transportation outward expenses by ₹ 7.98 lakhs, VAT credit reduction by ₹ 4.63 lakhs and advertisement expenses by ₹ 4.36 lakhs amongst others. Increase in stores & consumables expenses was on account of manufacture of new products which require usage of furnace for melting of copper.

Profit before tax

Our profit before tax increased by 87.85 % to ₹ 604.02 lakhs for the financial year 2018-19 from ₹ 321.54 lakhs for the financial year 2017-18. The increase was mainly due to increase in overall business operations of the company.

Tax expenses

Our tax expenses increased by 45.72 % to ₹ 182.60 lakhs for the financial year 2018-19 from ₹ 125.31 lakhs for the financial year 2017-18. The increase was mainly due to increase in our current tax expense by ₹ 87.18 lakhs which was partially offset by decrease in deferred tax liability by ₹ 29.89 lakhs in financial year 2018-19.

Profit after tax

Due to reasons mentioned above, our profit after tax increased by 114.76% to ₹ 421.42 lakhs for the financial year 2018-19 from ₹ 196.23 lakhs for the financial year 2017-18.

FINANCIAL YEAR 2017-18 COMPARED WITH FINANCIAL YEAR 2016-17

Total Revenue

Our total revenue increased by 136.09 % to ₹ 16,910.63 lakhs for the financial year 2017-18 from ₹ 7,162.87 lakhs for the financial year 2016-17 due to the factors described below:

Revenue from operations

Our revenue from operations increased by 136.30 % to ₹ 16,881.94 lakhs for the financial year 2017-18 from ₹ 7,144.29 lakhs for the financial year 2016-17 mainly due to increase in our net revenue from sale of manufactured goods by 234.83% to ₹ 15,441.33 lakhs in financial year 2017-18 from ₹ 4,611.73 lakhs in financial year 2016-17. However the increase was partially offset by decrease in sale of trading goods by 43.12% to ₹ 1,440.61 lakhs in financial year 2017-18 from ₹ 2,532.56 lakhs in financial year 2016-17. Trading of goods is done on account of creating new customer base for company as the company's major focus is on manufacturing facilities and accordingly our trading revenue has shown a decreasing trend in Financial year 2017-18.

Other income

Our other income increased by 54.39 % to ₹ 28.69 lakhs for the financial year 2017-18 from ₹ 18.58 lakhs for the financial year 2016-17 mainly because of increase in late payment charges received by ₹ 4.82 lakhs, interest income by ₹ 2.42 lakhs, profit on sale of assets by ₹ 2.33 lakhs, foreign exchange gain by ₹ 1.24 lakhs, discount & kasar by ₹ 0.98 lakhs and sale of industrial waste by ₹ 0.61 lakhs. However, this increase was partially offset by decrease in DIC interest subsidy by ₹ 2.29 lakhs.

Total Expenses

Our total expenses increased by 135.37% to ₹ 16,589.09 lakhs for the financial year 2017-18 from ₹ 7,047.99 lakhs for the financial year 2016-17, due to the factors described below:

Cost of material consumed

Our cost of material consumed for the year ended March 31, 2018 was ₹ 14,345.26 lakhs which has increased by 195.28% as compared to ₹ 4,858.12 lakhs in financial year 2016-17. Increase in cost of material consumed is in line with increase in sale from manufacturing of copper wire, copper flat and copper scrap.

Purchase of traded goods

Our purchase of traded goods for financial year 2017-18 decreased by 51.45% to ₹ 1,258.03 lakhs as compared to ₹ 2,591.38 lakhs for financial year 2016-17. Decrease in purchase of traded goods was due to decrease in the sale of traded good during the financial year 2017-18 as compared to financial year 2016-17.

Changes in Inventory of finished goods and traded goods

Our changes in Inventory of finished goods and traded goods was ₹ 652.01 lakhs for the financial year 2017-18 which was ₹ (658.33) lakhs for the financial year 2017-18 which was due to higher level of finished goods at the beginning of the year in financial year 2017-18 as compared to financial year 2016-17.

Employee benefits expenses

Our employee benefit expenses increased by 19.98 % to ₹ 43.43 lakhs for the financial year 2017-18 from ₹ 36.20 lakhs for the financial year 2016-17. The increase was mainly due to increase in salaries, wages & bonus by ₹ 7.09 lakhs including director's remuneration by ₹ 4.22 lakhs and increase in contribution to provident fund by ₹ 1.81 lakhs. However, this increase was marginally offset by decrease in gratuity expenses by ₹ 1.38 lakhs and decrease in staff welfare expenses by ₹ 0.29 lakhs. Increase in salary & wages was primarily due to increase in salary of employees and also increase in yearly bonus provision.

Finance costs

Our finance costs decreased by 11.05 % to ₹ 92.09 lakhs for the financial year 2017-18 from ₹ 103.53 lakhs for the financial year 2016-17. Decrease in our finance cost was primarily due to decrease in interest expense on by ₹ 19.20 lakhs which was offset by increase in bank charges & commission by ₹ 7.76 lakhs. Decrease in interest expenses mas majorly due to decrease in utilisation of short term credit facilities in the financial year 2017-18 as compared to financial year 2016-17. Decrease in interest cost

was on account of decrease in utilization of cash credit facility in financial year 2017-18 as compared to financial year 2016-17.

Depreciation & amortization expense

Our depreciation & amortization expense increased by 51.01 % to ₹ 64.45 lakhs for the financial year 2017-18 from ₹ 42.68 lakhs for the financial year 2016-17. Our net addition to gross block was ₹ 229.59 lakhs in financial year 2017-18 which was ₹ 204.11 lakhs in financial year 2016-17.

Other expenses

Our other expenses increased by 79.85% to ₹ 133.82 lakhs for the financial year 2017-18 from ₹ 74.41 lakhs for the financial year 2016-17. The increase was mainly due to increase in electricity charges by ₹ 17.98 lakhs, stores & consumables by ₹ 8.06 lakhs, transportation outward expenses by ₹ 7.81 lakhs, freight octroi & transportation expenses by ₹ 7.33 lakhs, advertisement expenses by ₹ 5.62 lakhs, VAT credit reduction by ₹ 4.48 lakhs, diesel expenses by ₹ 3.52 lakhs, legal & professional fees by ₹ 3.20 lakhs, ISO/ISI expenses by ₹ 1.74 lakhs, travelling & conveyance expenses by ₹ 1.50 lakhs and auditors remuneration by ₹ 1.34 lakhs amongst others, However, this increase was offset by decrease in packing material expenses by ₹ 5.59 lakhs and ROC filing fees by ₹ 1.42 lakhs amongst others. Increase in electricity charges was on account of increase in manufacturing operations of the company.

Profit before tax

Our profit before tax increased by 179.88 % to ₹ 321.54 lakhs for the financial year 2017-18 from ₹ 114.88 lakhs for the financial year 2016-17. The increase was mainly due to increase in overall business operations of the company.

Tax expenses

Our tax expenses increased by 339.69% to ₹ 125.31 lakhs for the financial year 2017-18 from ₹ 28.50 lakhs for the financial year 2016-17 mainly due to increase in current tax expense by ₹ 51.90 lakhs and deferred tax liability by ₹ 44.90 lakhs, from deferred tax benefit of ₹ 6.42 lakhs in financial year 2016-17 to deferred tax liability of ₹ 38.48 lakhs in financial year 2017-18.

Profit after tax

Due to reasons mentioned above, our profit after tax increased by 127.16 % to ₹ 196.23 lakhs for the financial year 2017-18 from ₹ 86.38 lakhs for the financial year 2016-17.

Qualitative Disclosure about Market Risk

Financial Market Risks

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

Our financial results are subject to changes in interest rates, which may affect our debt service obligations and our access to funds.

Liquidity risk

Liquidity risk is the risk that we will encounter difficulties in meeting the obligations associated with our financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure, to the extent possible, that we will have sufficient liquidity to meet our liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. We manage liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Effect of Inflation

We are affected by inflation as it has an impact on the raw material cost, wages, etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Credit Risk

We are exposed to credit risk on monies owed to us by our customers. If our customers do not pay us promptly, or at all, we may have to make provisions for or write-off such amounts.

Reservations, Qualifications and Adverse Remarks

There have been no reservations, qualifications and adverse remarks.

SECTION VII – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding (I) criminal proceedings, (II) actions taken by statutory or regulatory authorities, (III) disciplinary action including penalty imposed by the SEBI or stock exchanges against our Promoters in the last five Fiscals, including outstanding action, (IV) claims related to direct and indirect taxes in a consolidated manner, (V) details of any other pending material litigation which are determined to be material as per a policy adopted by our Board (“**Materiality Policy**”), in each case involving our Company, Promoters, Directors and Group Company (the “**Relevant Parties**”).

For the purpose of (V) above, our Board in its meeting held on August 30, 2019, has considered and adopted a policy of materiality for identification of material litigation involving the Relevant Parties.

In terms of the Materiality Policy, all pending litigation involving the Relevant Parties, other than criminal proceedings, actions by regulatory authorities and statutory authorities, disciplinary action including penalty imposed by SEBI or stock exchanges against the Promoters in the last five Fiscals including outstanding action, and tax matters, would be considered ‘material’ if:

(a) the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of 1% of the profit after tax of our Company as per the restated financial statements of our Company for the last full Fiscal, being ₹ 4.21 Lakhs; or

(b) the monetary liability is not quantifiable, however, the outcome of any such pending proceedings may have a bearing on the business, operations, performance, prospects or reputation of our Company.

Except as stated in this section, there are no Outstanding Material Dues (as defined below) to creditors; or (ii) outstanding dues to small scale undertakings and other creditors.

Our Board, in its meeting held on August 30, 2019 determined that outstanding dues to creditors in excess of 5% of trade payables as per the restated financials for the period ended June 30, 2019 shall be considered as material dues (“Material Dues”).

Unless otherwise stated to the contrary, the information provided is as of the date of this Draft Red Herring Prospectus.

The face value of the Equity Shares is ₹ 5/- each and the Issue Price at the lower end of Price Band is ₹ [●] per Equity Share and at the higher end of the Price Band is ₹ [●] per Equity Share.

The Price Band and the minimum Bid Lot size for the Issue will be decided by our Company in consultation with the BRLM and advertised in all edition of the English national newspaper [●], all edition of the Hindi national newspaper [●] and the Regional newspaper [●], where the Registered

Office of our Company is situated, each with wide circulation, at least two Working Days prior to the Bid/Issue Opening Date and shall be made available to the Stock Exchange for the purpose of uploading the same on its website. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be prefilled in the Bid cum Application Forms available on the website of the Stock Exchange.

At any given point of time there shall be only one denomination of Equity Shares.

RIGHTS OF THE EQUITY SHAREHOLDERS

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, the Equity shareholders shall have the following rights:

- Right to receive dividend, if declared;
- Right to receive Annual Reports & notices to members;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person or by proxy;
- Right to receive rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation subject to any statutory and preferential claim being satisfied;
- Right of free transferability subject to applicable law, including any RBI rules and regulations; and
- Such other rights, as may be available to a shareholder of a listed public limited company under the Companies Act, 2013 Act, the terms of the SEBI Listing Regulations and the Memorandum and Articles of Association of our Company.

For a detailed description of the main provisions of the Articles of Association relating to voting rights, dividend, forfeiture and lien and / or consolidation / splitting, please refer to the section titled “*Main Provisions of Articles of Association*” beginning on page 233 of this Draft Red Herring Prospectus.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

Pursuant to Section 29 of the Companies Act, 2013 the Equity Shares shall be allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Issue:

- Agreement dated October 28, 2016 amongst NSDL, our Company and the Registrar to the Issue; and
- Agreement dated October 04, 2016 amongst CDSL, our Company and the Registrar to the Issue.

Since trading of the Equity Shares is in dematerialised form, the tradable lot is [●] Equity Share. Allotment in this Issue will be only in electronic form in multiples of [●] Equity Shares subject to a minimum Allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Share subject to a minimum allotment of [●] Equity Shares to the successful applicants.

MINIMUM NUMBER OF ALLOTTEES

In accordance with the Regulation 268 of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs, or the Sponsor Bank as the case may be, shall be unblocked within 4 working days of closure of the Issue.

JURISDICTION

Exclusive jurisdiction for the purpose of this Issue is with the competent courts / authorities in Mumbai, Maharashtra, India.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States

or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold the same as joint tenants with benefits of survivorship.

COMPLIANCE WITH SEBI ICDR REGULATIONS

Our Company shall comply with all requirements of the SEBI ICDR Regulations. Our Company shall comply with all the disclosure and accounting norms as specified by SEBI from time to time.

NOMINATION FACILITY TO BIDDERS

In accordance with Section 72 of the Companies Act, 2013 the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the investor wants to change the nomination, they are requested to inform their respective depository participant.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Bid/Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-issue advertisements were published, within two days of the Bid/Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager through, the Registrar to the Issue, shall notify the SCSBs or the Sponsor Bank to unblock the bank accounts of the ASBA Bidders within

one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed. If the issue is withdrawn after the designated Date, amounts that have been credited to the Public Issue Account shall be transferred to the Refund Account

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company withdraws the Issue after the Bid/ Issue Closing Date and thereafter determines that it will proceed with an issue of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with Stock Exchange.

BID/ ISSUE OPENING DATE

Bid / Issue Opening Date	[●]
Bid / Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	[●]
Unblocking of funds from ASBA Accounts or UPI ID linked bank account/ Initiation of Refunds	On or before [●]
Credit of Equity Shares to demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

The above timetable is indicative and does not constitute any obligation on our Company and BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bids and any revision to the same shall be accepted **only between 10.00 a.m. and 5.00 p.m. (IST)** during the Bid/Issue Period. On the Bid/Issue Closing Date, the Bids and any revision to the same shall be accepted between **10.00 a.m. and 5.00 p.m. (IST)** or such extended time as permitted by the Stock Exchanges, in case of Bids by Retail Individual Bidders after taking into account the total number of Bids received up to the closure of timings and reported by the Book Running Lead Manager to the Stock Exchanges. It is clarified that Bids not uploaded on the electronic system would be rejected. Bids will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, the Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date and, in any case, no later than 5.00 p.m. (IST) on the Bid/Issue Closing Date. All times mentioned in this Draft Red Herring Prospectus are Indian Standard Times.

Bidders are cautioned that in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public issue, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only on Business Days. Neither our Company nor the Book Running Lead Manager are liable for any failure in uploading the Bids due to faults in any software/hardware system or otherwise. Any time mentioned in this Draft Red Herring Prospectus is Indian Standard Time.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of revision of the Price Band, the Bid/Issue Period will be extended for at least three additional working days after revision of Price Band subject to the Bid/Issue Period not exceeding 10 working days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable,

will be widely disseminated by notification to the Stock Exchange, by issuing a press release and also by indicating the changes on the websites of the Book Running Lead Manager and at the terminals of the Syndicate Member.

In case of force majeure, banking strike or similar circumstances, the issuer may, for reasons to be recorded in writing, extend the bidding (issue) period disclosed in the Red Herring Prospectus (in case of a book built issue) or the issue period disclosed in the prospectus (in case of a fixed price issue), for a minimum period of three working days, subject to the Bid/ Issue Period not exceeding 10 working days.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the Bid cum Application Form, for a particular Bidder, the Registrar to the Issue shall ask for rectified data.

MINIMUM SUBSCRIPTION

This Issue is not restricted to any minimum subscription level and is 100% underwritten.

As per Section 39 of the Companies Act, 2013, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Red Herring Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the Issue through the Offer Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond fifteen days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260(1) of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the Issue through the Red Herring Prospectus and shall not be restricted to the minimum subscription level.

Further, in accordance with Regulation 268 of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 50 (Fifty)

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than ₹.1,00,000/- (Rupees One Lakh) per application.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

MIGRATION TO MAIN BOARD

Our company may migrate to the Main board of National Stock Exchange of India Limited from SME Exchange on a later date subject to the following:

ISSUE PROCEDURE

All Bidders should review the “General Information Document for Investing in Public Issues” prepared and issued in accordance with the circular (CIR/CFD/DIL/12/2013) dated October 23, 2013 notified by SEBI, modified and updated pursuant to, among others, the circular (CIR/CFD/POLICYCELL/11/2015) dated November 10, 2015 notified by SEBI, the circular (CIR/CFD/DIL/1/2016) dated January 01, 2016, SEBI circular bearing number SEBI/HO/CFD/DIL/CIR/P/2016/26 dated January 21, 2016 and SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/22 dated February 15, 2018, SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 03, 2018 (“General Information Document”), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document has been updated to reflect the enactments and regulations, to the extent applicable to a public issue. The General Information Document shall be made available on the website of the Stock Exchange, the Company and the Book Running Lead Manager before opening of the Issue Period. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 01, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. With effect from July 1, 2019, with respect to Bids by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, the final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“UPI Phase III”), as may be prescribed by SEBI. Further SEBI through its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 has extended the timeline for implementation of Phase II of the till March 31, 2020.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) price discovery and allocation; (iv) payment Instructions for Bidders applying through the ASBA process and Retail Individual Bidders applying through the UPI mechanism under the ASBA process; (v) issuance of Confirmation of Allocation Note (“CAN”) and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Bid cum Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Bid cum Application Form; (x) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xi) mode of making refunds (xii) interest in case of delay in Allotment or refund; and (xiii) Grounds for Refund.

Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus.

BOOK BUILDING PROCEDURE

This Issue is being made through the Book Building Process, wherein allocation to the public shall be made pursuant to Regulation 281 read with 253(1) of the SEBI ICDR Regulations.

Subject to the valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Bidders shall not be less than the minimum Bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Stock Exchange.

Investors should note that according to Section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Bidders will only be in the dematerialised form. The Bid cum Application Forms which do not have the details of the Bidder's depository account including DP ID, PAN and Beneficiary Account Number shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Bid cum Application Form and entered into the electronic system of the stock exchanges, do not match with the DP ID, Client ID and PAN available in the depository database, the bid is liable to be rejected. Bidders will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchange.

PHASED IMPLEMENTATION OF UPI FOR BIDS BY RETAIL INDIVIDUAL BIDDERS AS PER THE UPI CIRCULAR

SEBI has issued a circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (collectively the “UPI Circular”) in relation to streamlining the process of public offer of equity shares and convertibles. Pursuant to the UPI Circular, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public offer closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circular proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- **Phase I:** This phase was applicable from January 1, 2019 and till June 30, 2019. Under this phase, a Retail Individual Bidder had the option to submit the Bid cum Application Form with any of the intermediaries and use his / her UPI ID for the purpose of blocking of funds. The time duration from public offer closure to listing would continue to be six Working Days.
- **Phase II:** This phase has become applicable from July 1, 2019 and continued till March 31, 2020. Under this phase, physical submission of the Bid cum Application Form by a Retail Individual Bidder through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will compulsorily be replaced by the UPI Mechanism. However, the time duration from public offer closure to listing would continue to be six Working Days during this phase.
- **Phase III:** Subsequently, under this phase, the time duration from public issue closure to listing would be reduced to be three Working Days.

All SCSBs offering facility of making application in public offers shall also provide facility to make application using the UPI Mechanism. The issuers are to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Bidders into the UPI Mechanism.

For further details, refer to the General Information Document to be available on the website of the Stock Exchange and the BRLM.

BID CUM APPLICATION FORM

Copies of the Bid cum Application Form and the abridged prospectus will be available at the offices of the BRLM, the Designated Intermediaries at Bidding Centres, and Registered Office of our Company. An electronic copy of the Bid cum Application Form will also be available for download on the website of the National Stock Exchange of India Limited (www.nseindia.com), the SCSBs, the Registered Brokers, the RTAs and the CDPs at least one day prior to the Bid/Issue Opening Date.

All the investors (except Retail Individual Investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) facility for making payment. Further, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for application or also can use UPI payment mechanism for application.

Bidders (other than RIIs using the UPI Mechanism) must provide bank account details and authorisation by the ASBA bank account holder to block funds in their respective ASBA Accounts in the relevant space provided in the Bid cum Application Form and the Bid cum Application Form that does not contain such detail are liable to be rejected. The Sponsor Bank shall provide details of the UPI linked bank account of the Bidders to the Registrar to the Issue for purpose of reconciliation.

Further, Retail Individual Investors submitting bid cum application form using UPI shall mention the UPI of his/her own Bank account in the bid cum application form in the relevant space and the Bid cum Application Forms that do not contain such details are liable to be rejected.

Bidders shall ensure that the Bids are made on Bid cum Application Forms bearing the stamp of the syndicate member/ SCSBs/ RTA/ DPs/ stock brokers, submitted at the Collection Centres only (except in case of electronic Bid cum Application Forms) and the Bid cum Application Forms not bearing such specified stamp are liable to be rejected.

The prescribed colour of the Bid cum Application Form for various categories is as follows:

Category	Colour of Bid cum Application Form*
Resident Indians and Eligible NRIs applying on a non-repatriation basis	White

- iv. a depository participant (“DP”) (whose name is mentioned on the website of the stock exchange as eligible for this activity)
- v. a registrar to an issue and share transfer agent (“RTA”) (whose name is mentioned on the website of the stock exchange as eligible for this activity)

Retail Individual investors submitting application with any of the entities at (ii) to (v) above (hereinafter referred as ‘Intermediaries’), shall enter their UPI ID in the Bid-Cum-Application Form. It is clarified that Retail Individual Bidders may continue to submit physical ASBA Forms with SCSBs without using the UPI Mechanism.

The aforesaid intermediaries shall, at the time of receipt of application, give an acknowledgement to investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the application form, in physical or electronic mode, respectively.

The upload of the details in the electronic bidding system of stock exchange was done by:

For applications submitted by investors to SCSB:	After accepting the form, SCSB shall capture and upload the relevant details in the electronic bidding system as specified by the stock exchange and may begin blocking funds available in the bank account specified in the form, to the extent of the application money specified.
For applications submitted by investors other than Retail Individual Investors to intermediaries other than SCSBs without use of UPI for payment	After accepting the application form, respective intermediary shall capture and upload the relevant details in the electronic bidding system of stock exchange. Post uploading, they shall forward a schedule as per prescribed format along with the application forms to designated branches of the respective SCSBs for blocking of funds within one day of closure of issue.
For applications submitted by Retail Individual Investors to intermediaries other than SCSBs with use of UPI for payment	After accepting the application form, respective intermediary shall capture and upload the relevant bid details, including UPI ID, in the electronic bidding system of Stock Exchange. Stock Exchange shall share bid details including the UPI ID with Sponsor Bank on a continuous basis, to enable Sponsor Bank to initiate mandate request on Investors for blocking of funds. Sponsor Bank shall initiate request for blocking of funds through NPCI to Investor. Investor to accept mandate request for blocking of funds, on his / her mobile application, associated with UPI ID linked bank account.

Stock exchange shall validate the electronic bid details with depository’s records for DP ID/Client ID and PAN, on a real time basis and bring the inconsistencies to the notice of intermediaries concerned, for rectification and re-submission within the time specified by Stock Exchange.

Stock Exchange shall allow modification of selected fields viz. DP ID/Client ID or Pan ID (Either DP ID/Client ID or Pan ID can be modified but not BOTH), Bank code and Location code, in the bid details already uploaded.

Upon completion and submission of the Bid Cum Application Form to Application Collecting intermediaries, the Bidders are deemed to have authorized our Company to make the necessary changes in the Red Herring Prospectus, without prior or subsequent notice of such changes to the Applicants.

WHO CAN BID?

In addition to the category of Bidders, set forth in the GID, the following persons are also eligible to invest in the Equity Shares under all applicable laws, regulations and guidelines, including:

- Scientific research organizations authorized in India to invest in the Equity Shares; and
- Any other persons eligible to Bid in the Issue under the laws, rules, regulations, guidelines and policies applicable to them.

As per the existing RBI regulations, OCBs cannot participate in this Issue.

PARTICIPATION BY ASSOCIATED/ AFFILIATES OF BOOK RUNNING LEAD MANAGER AND SYNDICATE MEMBER, PROMOTER GROUP AND PERSONS RELATED TO PROMOTER/PROMOTER GROUP

The BRLM and the Syndicate Member, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of BRLM and syndicate members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Promoters and Promoter Group and any persons related to our Promoters and Promoter Group cannot participate in the Issue.

BIDS BY MUTUAL FUNDS

No Mutual Fund scheme shall invest more than 10% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific funds. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged with the Bid cum Application Form. Failing this, our Company reserves the right to accept or reject any Bid cum Application in whole or in part, in either case, without assigning any reason thereof.

In case of a mutual fund, a separate Bid cum Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple applications provided that the Bids clearly indicate the scheme concerned for which the Bids has been made.

The Bids made by the asset management companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

BIDS BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Bid cum Application Form from the members of the Syndicate, the sub-Syndicate, if applicable, the SCSBs, the Registered Brokers, RTAs and CDPs. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non-repatriation basis by using Resident Forms should authorize their SCSB to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

Bids by Eligible NRIs and Category III FPIs for a Bid Amount of less than ₹ 200,000 would be

considered under the Retail Category for the purposes of allocation and Bids for a Bid Amount exceeding ₹ 200,000 would be considered under the Non-Institutional Category for allocation in the Issue.

In case of Eligible NRIs bidding under the Retail Category through the UPI mechanism, depending on the nature of the investment whether repatriable or non-repatriable, the Eligible NRI may mention the appropriate UPI ID in respect of the NRE account or the NRO account, in the Bid cum Application Form.

Eligible NRIs bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour). Eligible NRIs bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non- Residents (blue in colour). For details of restrictions on investment by NRIs, please refer to the chapter titled “*Restrictions on Foreign Ownership of Indian Securities*” beginning on page 230 of this Draft Red Herring Prospectus.

The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form as follows: “Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids by HUFs may be considered at par with Bids from individuals;

BIDS BY FPIS INCLUDING FIIS

On January 7, 2014, SEBI notified the SEBI FPI Regulations pursuant to which the existing classes of portfolio investors namely ‘foreign institutional investors’ and ‘qualified foreign investors’ are subsumed under a new category namely ‘foreign portfolio investors’ or ‘FPIs’. RBI on March 13, 2014 amended the FEMA Regulations and laid down conditions and requirements with respect to investment by FPIs in Indian companies.

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by the Board followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI.

Further, pursuant to the Master Directions on Foreign Investment in India issued by the RBI dated January 4, 2018 (updated as on March 8, 2019) the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up equity share capital on a fully diluted basis or 10% or more of the paid up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

An FPI is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to the following conditions:

(a) offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and

(b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

BIDS BY SEBI REGISTERED VCFs, AIFs and FVCIs

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to a further public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to a further public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration offered under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company reserves the right to reject any bid without assigning any reason thereof. Limited liability partnerships can participate in the Issue only through the ASBA process.

BIDS BY BANKING COMPANY

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum application Form, failing which our Company reserves the right to reject any Bid by a banking company without assigning any reason.

Bid cum Application Form, failing which our Company reserves the right to reject any Bid by a banking company without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended ("Banking Regulation Act"), and the Reserve Bank of India ("Financial Services provided by Banks") Directions, 2016, is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non-financial services or 10% of the banks own

paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt / corporate debt restructuring / strategic debt restructuring, or to protect the banks 'interest on loans / investments made to a company. The bank is required to submit a time bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exception prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016.

BIDS BY SCSBs

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars (Nos. CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013) dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

5. That our Promoter's contribution in full has already been brought in;
6. That no further issue of Equity Shares shall be made till the Equity Shares Issued through the Prospectus are listed or until the Application monies are refunded on account of non-listing, under-subscription etc.;
7. That adequate arrangement shall be made to collect all Applications Supported by Blocked Amount while finalizing the Basis of Allotment;
8. If our Company does not proceed with the Issue after the Bid/Issue Opening Date but before allotment, then the reason thereof shall be given as a public notice to be issued by our Company within two days of the Bid/Issue Closing Date. The public notice shall be issued in the same newspapers where the Pre-Issue advertisements were published. The Stock Exchange on which the Equity Shares are proposed to be listed shall also be informed promptly;
9. If our Company withdraws the Issue after the Bid/Issue Closing Date, our Company shall be required to file a fresh Draft Red Herring Prospectus with the Stock exchange/ RoC/ SEBI, in the event our Company subsequently decides to proceed with the Issue;
10. If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount received will be refunded/unblocked within the time prescribed under applicable law. If there is delay beyond the prescribed time, our Company shall pay interest prescribed under the Companies Act, 2013, the SEBI Regulations and applicable law for the delayed period.

UTILIZATION OF THE ISSUE PROCEEDS

The Board of Directors of our Company certifies that:

1. all monies received out of the Issue shall be transferred to a separate Bank Account other than the bank account referred to in Sub-Section (3) of Section 40 of the Companies Act, 2013;
2. details of all monies utilized out of the Issue referred above shall be disclosed and continue to be disclosed till the time any part of the Issue Proceeds remains unutilised, under an appropriate separate head in the balance sheet of our Company indicating the purpose for which such monies have been utilized;
3. details of all unutilized monies out of the Issue, if any, shall be disclosed under an appropriate

separate head in the balance sheet of our Company indicating the form in which such unutilized monies have been invested; and

4. Our Company shall comply with the requirements of the SEBI Listing Regulations in relation to the disclosure and monitoring of the utilisation of the proceeds of the Issue.
5. Our Company shall not have recourse to the Issue Proceeds until the approval for listing and trading of the Equity Shares from all the Stock Exchange where listing is sought has been received.

The Book Running Lead Manager undertakes that the complaints or comments received in respect of the Issue shall be attended by our Company expeditiously and satisfactory.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, 1991 unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”).

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“**FDI**”) through press notes and press releases. The DIPP, has issued consolidated FDI Policy Circular of 2017 (“**FDI Policy 2017**”), which with effect from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI policy issued by the DIPP that were in force. The Government of India proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP issues an updated circular.

The RBI also issues Master Directions Foreign Investment in India and updates at the same from time to time. Presently, FDI in India is being governed by Master Directions on Foreign Investment No. RBI/FED/2017-18/60 FED Master Direction No. 11/2017-18 dated January 4, 2018, as updated from time to time by the RBI. In terms of the Master Directions, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to *inter-alia*, the applicable pricing guidelines prescribed under the Master Directions. The Indian company making such fresh issue of shares would be subject to the reporting requirements, *inter-alia* with respect to consideration for issue of shares and also subject to making certain filings including the filing of Form FC-GPR.

Under the current FDI Policy of 2017, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present, our Company is engaged in the services of manufacturing and supply of Enamelled Copper Wire, Poly Wrap Submersible Winding Wire, and Copper Rod. The manufacturing activity is specifically listed in the Permitted Sectors of FDI Policy i.e. 5.2.5.1, hence 100% foreign direct investment through automatic route is permitted subject to applicable laws/regulations, security and other conditionalities.

In case of investment in sectors through Government Route, approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2017 has to be obtained by the company.

The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP/ RBI, from time to time. Such conditions include: (i) where the transfer of shares requires the prior approval of the Government as per the extant FDI policy provided that: a) the requisite approval of the Government has been obtained, and b) the transfer of shares adheres with the pricing guidelines and documentation requirements as specified by the Reserve Bank of India from time to time.; (ii) where the transfer of shares attract SEBI (SAST) Regulations subject to the adherence to the pricing guidelines and documentation requirements as specified by Reserve Bank of India from time to time; (iii) where the transfer of shares does not meet the pricing guidelines under the FEMA, 1999 provided that: a) The resultant FDI is in compliance with the extant FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, etc.), reporting requirements, documentation etc.; b) The pricing for the transaction is compliant with the specific/explicit, extant and relevant SEBI regulations/guidelines (such as IPO, Book building, block deals, delisting, exit, open offer/substantial acquisition/SEBI SAST); and Chartered Accountants Certificate to the effect that compliance with the relevant SEBI regulations/guidelines as indicated above is attached to the form FC-TRS to be filed with the AD bank; and iv) where the investee company is in the financial sector provided that: a) Any ‘fit and proper/due diligence’ requirements as regards the non-resident investor as stipulated by the

respective financial sector regulator, from time to time, have been complied with; and b) The FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, pricing, etc.), reporting requirements, documentation etc., are complied with. As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2017, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, 3, 6, 7, 8, 9, and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017. Any equity holding by a person resident outside India resulting from the conversion of any debt instrument under any arrangement shall be reckoned as a foreign investment under the composite cap.

Portfolio Investment to aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in the transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance with sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity, will not exceed the sectoral/statutory cap.

Subject to the provisions of the FDI policy, foreign investment in ‘manufacturing’ sector is under the automatic route. Further, a manufacturer is permitted to sell its products manufactured in India through wholesale and/or retail, including through e-commerce, without Government approval.

i. Investment by FPIs under Portfolio Investment Scheme (PIS):

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10 % of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24 % of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10 percent and 24 percent will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

ii. Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “Capital Instruments”) of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017 that is:

The total holding by any individual NRI or OCI shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or should not exceed 5 percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings

of all NRIs and OCIs put together shall not exceed 10 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed 10 percent of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

iii. Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2017, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.
